Lt. Duty Trucks, Passenger and Cargo Vans
: CN00022139
Contract # (2310-10)

SPECIAL CONTRACT TERMS AND CONDITIONS

These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions for Statewide Contracts for Supplies.

1. Contract Term.

The Contract shall commence on the Effective Date, which shall be no earlier than September 1, 2006 and expire on August 31, 2007 or until awarded Contractor's stock is depleted and cannot be restocked by manufacturer, whichever comes first.

2. Purpose of Contract.

This Contract (identified here and in the other documents as the "Contract") provides for the acquisition of Light Duty Pickup Trucks, Passenger and Cargo Vans per the minimum specifications in Attachment D – Vehicle Specifications for the Commonwealth of Pennsylvania (CWOPA) using agencies.

The Contract will incorporate Vehicle Delivery Requirements, in accordance with the Pennsylvania Commercial Item Description (PCID) NO. 1067, "Pennsylvania Department of General Services, PCID No. 1067 Attachment F - General Requirements for Delivery of Vehicles, the most current version at the time of the bid opening is included as a part of this specification.

3. Order of Precedence.

These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions for Statewide Contracts for Supplies, which are attached as Attachment G and will be made a part of the Contract. To the extent that these Special Contract Terms and Conditions conflict with the Standard Contract Terms and Conditions for Statewide Contracts for Supplies, these Special Contract Terms and Conditions shall prevail.

4. Option to Extend.

DGS reserves the right, upon notice to the Contractor, to extend the Contract or any part of the Contract for up to three (3) months under the same Terms and Conditions. This will be utilized to prevent a lapse in Contract coverage and only for the time necessary, up to three (3) months, to enter into a new Contract.

5. Renewal.

The Contract or any part of the Contract may be renewed for two (2) additional one (1) year terms by mutual agreement between CWOPA and the Contractor. If the Contract is renewed, the same Terms and Conditions and pricing shall apply. The Contractor's past performance under the Contract will be one criterion that CWOPA will consider in its decision as to whether to renew.

Attachment A
Lt. Duty Trucks, Passenger and Cargo Vans
: CN00022139
Contract # (2310-10)

6. Cooperative Purchasing Program.

The Contractor(s) will be required to provide fleet vehicles for executive and independent agencies and those state affiliated entities and entities under the COSTARS (Cooperative Sourcing to Achieve Reduction in Spend) program that desire to order from the Contract. COSTARS is a service provided by DGS for Local Public Procurement Units located in Pennsylvania. Local Public Procurement Units are authorized by law to participate in or purchase from DGS's statewide requirements Contracts. Eligible Local Public Procurement Units are defined as:

- Any political subdivision;
- Any public authority;
- Any tax exempt, nonprofit educational or public health institution or organization;
- Any nonprofit fire, rescue or ambulance company; and
- To the extent provided by law, any other entity, including a council of governments or an area government that expends public funds for the procurement of supplies, services, and construction.

The Department does not guarantee additional volume as a result of potential procurements by local public procurement units, and has not included their volume in the quantity estimates provided on the pricing sheets. Contractors should consider this potential additional volume when responding to this invitation for bids (IFB). There are in excess of 2,000 local public procurement units that participate in the COSTARS Program and the potential for additional thousands to participate.

7. Acknowledgement of Order.

The Contractor must acknowledge receipt of an order within ten (10) calendar days from the day the purchase order is issued to the Contractor. In order to insure timely delivery, DGS and participating Local Public Procurement Units should follow up on orders if written acknowledgement is not received within ten (10) calendar days.

8. Delivery Time.

The Contractor(s) must make delivery no later than 100 calendar days after acknowledgement of purchase order for Vehicles (Bi-Fuel vehicle delivery will be 135 calendar days or sooner). Failure to deliver within these time periods shall result in payment of liquidated damages in accordance with Paragraph 18, of these Special Terms and Conditions. Liquidated damages shall not apply under the circumstances specified in Paragraph 20, Force Majeure, of the Standard Contract Terms and Conditions for Statewide Contracts for Supplies.

CWOPA understands that the Contractor is not obligated to deliver orders placed after the OEM build-out date, if vehicles are not available.

Vehicles purchased by the Pennsylvania State Police will be delivered FOB to: Pennsylvania State Police, Transportation Division, 20th & Herr Sts., Harrisburg, PA 17103. Contact person is Rick Binker, Director at 717-787-1318.

Vehicles purchased by Pennsylvania Department of Transportation will be delivered FOB to: PA Department of Transportation, Equipment Division, 17th & Arsenal Blvd., Harrisburg, PA 17120. Prior to delivery the Contractor must contact Larry Allen at 717-787-2123, for inspection appointment, title, and MV1 instructions.

Vehicles purchased by Pennsylvania Turnpike Commission will be delivered FOB to: Pennsylvania Turnpike Maintenance Facility, Milepost 243.8 (New Cumberland), 519 Marsh Run Road, New Cumberland, PA 17070. Contact Phone Number: (717) 939-9551 ext. 5100

Contract # (2310-10)

MAILING ADDRESS:

Pennsylvania Turnpike Commission
Route 283
P.O. Box 67676
Harrisburg, PA 17106

All other vehicles will be delivered FOB to: DGS, Bureau of Vehicle Management, 2221 Forster St., Harrisburg, PA 17125, with all proper paperwork as stated in the body of the specification sheets.

Prior to deliveries with the exception of the Pennsylvania Department of Transportation, the Contractor must contact Mickey Morrow with DGS, at 717-787-4252, for inspection appointment, title, and MV1 instructions.

During the term of the Contract, CWOPA reserves the right to work with the Contractor(s) to identify additional delivery locations across CWOPA. Additional delivery costs, if any, will be determined through negotiations with the Contractor(s).

9. Monthly Purchase Reports.

The Contractor shall furnish to the CWOPA monthly electronic reports no later than the fifteenth calendar day of the month for the previous month's purchasing activity. Failure to provide this information may result in termination of the Contract.

Each report shall indicate name and address of the Contractor, Contract number, and period covered by the report. The following information shall be listed on the report for each order received.

SAP Item No.
Material Number
CWOPA Agency
Public Procurement Unit
Make
Model/Trim
Additional Options (above specifications)
Vehicle Cost (according to specifications)
Delivery Charge
Quantity
Order Date
Delivery Date

All such reports shall be created using a template provided by CWOPA. Final format and types of data requested will be agreed upon prior to Contract award. Reports shall be sent to:

Alfonzo J. Robinson, Commodity Specialist, arobinson@state.pa.us,
Josie Sharp, Director of Vehicle Management, jbsharp@state.pa.us
Kathy Lewis, Business Analyst, kalewis@state.pa.us

10. Quarterly Business Review Meetings.

CWOPA requires that the Contractor and Original Equipment Manufacturer (OEM) actively participate in Quarterly Business Review meetings with the CWOPA commodity manager and fleet manager to evaluate past performance, address any issues, discuss upcoming vehicle changes, identify additional cost savings opportunities, and report build-out dates.

Attachment A
Lt. Duty Trucks, Passenger and Cargo Vans
: CN00022139
Contract # (2310-10)

11. Resolution.

Any questions or problems pertaining to acquisition of vehicles by participating Local Public Procurement Units and their use of the Contract should be accomplished in a timely manner and all contact pertaining to these questions or problems should be directed to Alfonso J. Robinson at arobinson@state.pa.us and 717-346-8181.

12. Additional Delivery Charges (Participating Local Public Procurement Units ONLY).

Participating Local Public Procurement Units will pick up ordered equipment at the Contractor(s)'s place of business or have the equipment delivered by the Contractor for an additional **CHARGE PER VEHICLE of \$200.00.**

13. Taxes.

All participating Local Public Procurement Units will be required to indicate on their purchase orders the Internal Revenue Service Registration Number for exemption from Federal Excise Tax, if applicable.

14. Motor Vehicles to be manufactured in North America. [To be used only for the procurement of trucks as those terms are defined in Section 102 of the Vehicle Code, 75 Pa.C.S. Section102].

All motor vehicles furnished by the Contractor pursuant to the Contract must be manufactured in North America. North America is defined as the United States, Canada, and Mexico. A motor vehicle is manufactured in North America if a substantial majority of the principal components are assembled into the final products in an assembly plant in North America. The Contractor shall be prepared to prove that the motor vehicles that will be, or have been, furnished to the CWOPA will be or are, in fact, manufactured in North America in accordance with Sections 3731-3736 of the Commonwealth Procurement Code (62 Pa. C.S. Sections 3731-3736), known as the Motor Vehicle Procurement Act. No payment shall be made to the Contractor unless CWOPA is satisfied that the Contractor has complied with these provisions and the Motor Vehicle Procurement Act. Any payments made to the Contractor, which should not have been made, shall be recoverable directly from the Contractor. In addition to the withholding of payments, any person who willfully violates any of the provisions of the Motor Vehicle Procurement Act may be prohibited by any public agency from participation in Contracts awarded by the public agency for a period of five years from the date of determination that a violation has occurred.

15. Liquidated Damages.

If any item is not delivered within the time limits specified in Paragraph 11, Delivery Time, of these Special Contract Terms and Conditions, the delay will interfere with the proper implementation of CWOPA's programs and utilizing the item, to the loss and damage of CWOPA. From the nature of the case it would be impractical and extremely difficult to fix the actual damage sustained in the event of any such action. CWOPA and the Contractor, therefore, presume that in the event of any such delay the amount of damage which will be sustained from a delay will be **\$10.00** per calendar day per vehicle, and they agree that in the event of any such delay, the Contractor shall pay such amount as liquidated damages and not as a penalty. CWOPA, at its option, for amounts due CWOPA as liquidated damages, may deduct such from any money payable to the Contractor or may bill the Contractor as a separate item. CWOPA shall notify the Contractor in writing of any claims for liquidated damages pursuant to this paragraph before the date CWOPA deducts such sums from money payable to the Contractor. Delivery of an item, which is rejected by CWOPA, shall not toll the running of the days for purposes of determining the amount of liquidated damages.

Attachment A
Lt. Duty Trucks, Passenger and Cargo Vans
: CN00022139
Contract # (2310-10)

Note: Please also see Standard Contract Terms and Conditions for Statewide Contracts for Supplies, Paragraph 20, Force Majeure, for exceptions to the application of liquidated damages.

For Participating Local Public Procurement Units Only: The amount of any liquidated damages against the Contractor, may be deducted from the total amount due the Contractor from a Political Subdivision, Authority, Private College or University.

16. Specifications.

Vehicle minimum specifications are defined in Attachment D – Vehicle Specifications. These are minimum specification requirements. In addition to these specifications, all vehicles must have a current and valid PA inspection sticker along with a full tank of gasoline or the vehicle will not be accepted. Specifications shall be industry standard with approved options, including alternative fuel where applicable.

17. Trim Levels.

Vehicles supplied against the Contract will contain all of the standard equipment indicated for the trim level specified by the Contractor in the bid.

18. Pick-up Site.

The Contractor must have a site within the confines of the Commonwealth of Pennsylvania for participating Local Public Procurement Units to pick up their vehicle(s), rather than have the vehicle(s) delivered.

19. Owner's Manuals.

The Contractor(s) shall supply the DGS, Bureau of Vehicle Management, one (1) copy of the Manufacturer's Owner's Manual(s) for each model vehicle awarded. Each vehicle shall include a copy of the Manufacturer's Service and Warranty Policy with all warranty verification vouchers, certificates, and/or coupons.

20. Local Public Procurement Unit Participation.

Those local public procurement units and any other Commonwealth purchasing agencies, which issue orders under the Contract, are intended beneficiaries under the Contract and are real parties in interest with the right to sue and be sued without joining CWOPA's, Department of General Services as a party.

Local public procurement units, and any other Commonwealth purchasing agencies, that elect to participate in the Contract may issue orders or enter into participating agreements directly with the Contractor and will be responsible for payment directly to the Contractor.

The Contractor(s), who is awarded this Contract, agrees to provide vehicles at the awarded price, in accordance with the Contractual Terms and Conditions, to all local public procurement units that decide to participate. The Contractor shall notify the CWOPA Contracting officer in writing of any and all orders and participating agreements with local public procurement units.

Attachment A
Lt. Duty Trucks, Passenger and Cargo Vans
: CN00022139
Contract # (2310-10)

21. Method for Pricing Options Above Minimum Specifications.

When an end-user needs to price options that are in addition to CWOPA's minimum specifications found in Attachment D – Vehicle Specifications for an awarded vehicle on the Contract, the end-user will go to the Kelley Blue Book website at www.kbb.com to find the respective published invoice pricing. The invoice price for each additional option will be based upon the original date CWOPA or Local Public Procurement Units access the Kelly Blue Book website, referred to as the prep date on the Purchase Order. Additionally, the Contractor agrees to honor the price of the additional options as indicated on the prep date for a period of ten (10) days.

Upon Contractor(s) Acknowledgement Of Order, as described in Section 10, the Contractor(s) will verify the invoice pricing for options that are in addition to CWOPA's minimum specifications found in Attachment D – Vehicle Specifications on the given prep date. If the Contractor finds that the invoice pricing provided for the additional options on the given prep date is not accurate the Contractor must provide official documentation with the accurate invoice pricing.

22. Option for Separate Competitive Bidding Procedure.

DGS reserves the right to purchase supplies covered under this Contract through a separate competitive bidding procedure, whenever DGS deems it to be in the best interest of the Commonwealth. The right will generally be exercised only when a specific need for a large quantity of the supply exists or the price offered is significantly lower than the Contract price.

23. License Required.

It is unlawful for any individual, corporation, partnership, association or other entity foreign or domestic to engage in the business of salesperson, broker, dealer, manufacturer, factory branch, distributor, distributor branch, factory or distributor representative or wholesaler within CWOPA unless he has secured a license as required by Act No. 84 of 1983, known as the Board of Vehicles Act. Vendors must hold or secure an appropriate license issued by the State Board of Vehicle Manufacturers, Dealers and Salespersons. Information and/or an application in regard to the license requirement can be obtained from:

Department of State
Bureau of Professional and Occupational Affairs
State Board of Motor Vehicle Manufacturers, Dealers and Salesmen
P.O. Box 2649
Harrisburg, PA 17105-2649

SPECIAL NOTE:

Out-Of-State Dealers are not required to secure a license under Act No. 84 of 1983, and therefore, do not need to comply with this "License Required" Section.

24. Vehicle Model/Trim Discontinuation.

When the Original Equipment Manufacturer(s) discontinues a vehicle model/trim listed on the Contract, the vehicle model/trim will be deleted from the Contract.

25. Vehicle Model/Trim Additions to Contract.

CWOPA reserves the right to add vehicle models/trims to the Contract any time during the term of the Contract. The Contractor Vehicle Price will be negotiated at the time the vehicle model/trim is added to the Contract.

COMMONWEALTH OF PENNSYLVANIA
PENNSYLVANIA COMMERCIAL ITEM DESCRIPTION (PCID)

GENERAL REQUIREMENTS FOR BIDDING PennDOT VEHICLES/EQUIPMENT

(This item description supersedes PCID No. 1075 eff. 6/21/02)

PCID NO. 1075
 Eff. June 25, 2003

These General Requirements shall apply to all on-road and off-road vehicles, highway equipment, agricultural equipment and construction equipment, procured for use by the Department of Transportation, Commonwealth of Pennsylvania (PennDOT). These requirements are in addition to any supplemental specifications identified in the invitation for bids. The following shall be considered MINIMUM requirements.

A. STANDARDS, CODES, RULES, REGULATIONS:

1. Each vehicle or unit of equipment shall conform to any and all requirements contained in the Pennsylvania Motor Vehicle Code.
2. Each vehicle or unit of equipment shall comply with all current applicable Federal Motor Vehicle Safety Standards, Federal and Pennsylvania Exhaust Emission and Noise Standards, and EPA and OSHA requirements. The appropriate decals indicating compliance shall be affixed to the vehicle/equipment.
3. Each vehicle or unit of equipment shall be manufactured in accordance with any codes, standards and engineering practices as recommended by the following professional organizations for the specific vehicle/equipment:

American Institute of Steel Construction (AISC)
 American National Standards Institute (ANSI)
 American Society of Mechanical Engineers (ASME)
 American Society for Testing and Materials (ASTM)
 American Trucking Association (ATA)
 American Welding Society (AWS)
 American Wood-Preservers Association (AWPA)
 Battery Council International (BCI)
 British Standards Institute (BSI): Limits and Fits
 Compressed Air and Gas Institute (CAGI)
 Industrial Fastener Institute (IFI)
 International Standards Organization (ISO)
 Joint Industrial Council (JIC)
 National Fire Protection Association (NFPA)
 National Truck and Equipment Association (NTEA)
 Power Crane and Shovel Association (PSCA)
 Society of Automotive Engineers (SAE)
 Society of Manufacturing Engineers (SME)
 Steel Structure Painting Council (SSPC)
 Tire and Rim Association (TRA)

B. COMPONENTS, PARTS AND ACCESSORIES:

1. When "No Substitute" components, parts or accessories are designated, only this type of component, part or accessory is acceptable.

Attachment E

2. All equipment and parts furnished shall be of the manufacturer's most current design, shall be included in its most current published list of models in stock and shall satisfy, these specifications.
3. The same model components shall be utilized on all units supplied by the successful bidder under the specifications.
4. All electronic systems associated with the vehicle/equipment shall be properly insulated so as not to not cause any interference with the operation of the vehicle or the land mobile radio communications system, when properly installed in the vehicle.
5. Power systems must be compatible with the engine, transmission, axles, hydraulic system and power steering, etc., in order to meet the requirements specified herein.
6. Vehicles shall meet the maximum gradeability of the manufacturer when loaded to maximum Gross Vehicle Weight Rating ("GVWR") without exceeding the engine manufacturer's recommended maximum revolutions per minute ("RPM") based on maximum net torque.
7. The ratio of the rear axle and transmission shall be geared to maintain a road speed of approximately 65 mph on a level road, when operating at maximum GVWR without exceeding the recommended engine rpm figure. This is not applicable to construction type equipment.

C SITE VISITS:

Prior to submission of its bid, a bidder may contact PennDOT and schedule a site visit to inspect vehicles/equipment (as available) in PennDOT's current inventory in order to further clarify any drawings, pictures and specifications. Units may be available in the field for bidders to inspect at one or more of PennDOT's Maintenance Districts, but the Commonwealth makes no guarantee that any particular vehicle/equipment shall be located at a site convenient to the bidder's place of business. The site visit must be scheduled with the Equipment Division by calling (717) 787-1567. It is the bidder's responsibility to complete the site visit in time to submit a bid. All travel will be at the bidder's expense.

D. ON BOARD VEHICLE/EQUIPMENT REQUIREMENTS:

1. Each vehicle and unit of equipment shall include the proper forms to apply for a Pennsylvania title and license. These forms will include: the original manufacturer's statement of origin signed by the successful bidder and notarized. All title papers shall be properly prepared and executed. The application for title, Form MV-1 shall indicate the name and address exactly as follows: Pa. Dept. of Transportation, Equipment Division, 17th Street and Arsenal Blvd., Harrisburg, PA 17120 (ATTN: Specifications Unit).
2. Trucks and trailers shall be certified to meet or exceed requirements to obtain a Pennsylvania license. For medium and heavy-duty trucks and vans, the GVWR shall be identified in the vehicle's cab as the final complete certification label (minimum rating). The Gross Combined Weight Rating (GCWR) shall be identified by decal in the cab to indicate the approved weight, which can be towed, if applicable.
3. Vehicles designated for on-road use shall meet the following requirements:
 - a. Shall have a valid Pennsylvania state inspection sticker.
 - b. Shall have completed the manufacturers' recommended pre-delivery service.
 - c. Shall have the vehicle manufacturer's model name and model number stated on a decal affixed to the inside of the driver's side door.
 - d. Shall be clean, lubricated, serviced, gas tank filled to full recommended capacity, all adjustments completed, all mechanical and electrical motors and components fully functional and operational, and the vehicle will be "road ready" for immediate use.

Attachment E

- e. Shall have appropriately placed decals indicating the types of required fuels or lubricants and the capacity of each fluid's reservoir that is required by the vehicle.
- f. Shall have permanent antifreeze in each vehicle to protect it at a level of -35°F. Only a low silicate type anti-freeze will be used for vehicles having diesel engines.
- g. Shall be free from all dealer signs/emblems.
- h. Shall have all required rust proofing applied to the exterior and underside of the vehicle. No rustproofing compound can be on the personnel compartment's items or the exterior of the body in unsightly or unintended areas.
- i. Shall include a copy of the manufacturer's warranty and service policy with all warranty vouchers, certificates and coupons.
- j. Shall have each vehicle and major component identified with a metal identification tag that provides the OEM's name, model number and individual serial number. Tags will be affixed in an accessible and readable position on the item.

The above items are pre-delivery service items, and bidders should not misconstrue these requirements with warranty problems that arise after the Commonwealth accepts the completed unit which complies with the written specifications.

All charges for any of the aforementioned administrative and technical services and equipment are considered minimum acceptable requirements for delivery and shall be included in the bid price.

E. GENERAL WARRANTY REQUIREMENTS

The following warranty requirements are considered minimum unless otherwise stated in the invitation for bids. If the manufacturer's standard warranty exceeds the specified warranty, the manufacturer's standard warranty will apply. Manufacturer's warranty shall be provided in written or electronic form. All warranties will cover all labor and parts replacement during the warranty period, except as may be otherwise stated below or in the invitation for bids. This warranty, however, does not include items that must be replaced through ordinary wear and tear, but those parts ordinarily replaced through the servicing program will be replaced as part of the servicing program of equipment/vehicles, if appropriate. Parts replaced under this warranty will be of original equipment manufacturer (OEM) quality or higher. Service to the vehicle/equipment will be at a level to maintain or meet the manufacturer's requirements to sustain the warranty.

1. MEDIUM DUTY/HEAVY DUTY CAB & CHASSIS (19,501# GVWR or higher):

The chassis manufacturer's service and warranty program shall be for one (1) year or 12,000 miles (whichever first occurs).

2. LIGHT DUTY TRUCKS & VANS (up to 19,500# GVWR):

The chassis and cab manufacturer's service and warranty program shall be for three (3) years or 36,000 miles (whichever first occurs), including powertrain. A two (2) year, unlimited mileage warranty is acceptable in lieu of a three year, 36,000-mile warranty. The vehicle shall be certified as having a capacity of towing 1,000 pounds without voiding the warranty.

3. CONSTRUCTION EQUIPMENT: The construction and agricultural equipment manufacturer's service and warranty program shall be for a minimum of two (2) years or four thousand (4,000) hours whichever first occurs.

4. ADDITIONAL SPECIFIC WARRANTY ITEMS (Applies to light, medium and heavy duty trucks only)

a. RUST PROOFING WARRANTY

Attachment E

Cabs/cowls shall be warranted for five (5) full years with no mileage or hourly limitations. This will include rusting through or perforation from within. This warranty and service program covers both labor and parts for the full warranty period. Surface rust caused by chip, scratches, or damage caused by PennDOT employees is not covered by this warranty.

b. FRAME RAILS AND CROSSMEMBERS (Chassis)

For medium/heavy duty trucks, frame rails and cross members are warranted for five (5) full years with no mileage or hourly limitations. This warranty covers both parts and labor for the full warranty period. For light duty trucks and vans, the manufacturer's standard frame rail and crossmember warranty is acceptable.

c. FLAT BED WARRANTY

A vehicle's flat bed shall be warranted for three (3) years. This warranty covers both parts and labor for the full warranty period. A decal will be placed on the inside driver's door stating the warranty's terms and the name, address and telephone number of the contact person to initiate warranty claim services.

d. SERVICE/UTILITY BODY AND ASSOCIATED COMPONENTS WARRANTY

Fiberglass bodies will be warranted for five (5) years to include color fading. Steel service and utility bodies shall be warranted for five (5) years against defects and corrosion, including rust through or perforation from within. Surface rust caused by chip, scratches, or damage caused by PennDOT employees is not covered by this warranty. Associated components such as cranes, air compressors, and snowplows shall be covered by manufacturer's standard warranty. Manufacturer's standard warranty shall be provided in written or electronic form.

e. ENGINE AND TRANSMISSION WARRANTY

The engines for all Heavy/Medium Duty equipment/vehicles will be warranted for parts and labor for five (5) years or 150,000 miles (whichever first occurs). The engine warranty will include all items named or included within the valve covers, cylinder heads block, oil pan and injection pump. The transmission (automatic/manual) will be fully covered by the warranty and service program for two (2) years and will not be limited by mileage or hours. For light duty trucks and vans, the manufacturer's standard frame engine and transmission warranty is acceptable

f. WARRANTY CARD PROCEDURES

The successful bidder shall complete the warranty card except for the warranty start date. The PennDOT Equipment Division shall inform the successful bidder of the following: model number of vehicle; serial number of vehicle, equipment number, and location assigned; date released to the counties.

F. PILOT MODEL:

PennDOT reserves the right to require the successful bidder to make mutually agreeable arrangements to deliver a "pilot model" for initial inspection. Pilot models(s) shall be delivered to the Department of Transportation, 17th St., & Arsenal Blvd., Harrisburg, PA 17120 for inspection, testing and approval. The remaining units shall not be delivered for inspection, testing and approval until after the pilot model has been accepted by PennDOT. The remaining units shall fully meet the requirements of the specifications and must be indistinguishable from the approved pilot model. Presentation of a pilot model will not be required if the quantity is only one (1) unit. The pilot model must meet all the mechanical requirements of the specifications. PennDOT may field test the equipment to determine if it meets the performance requirements of the specifications. Performance testing results will normally be completed within two (2) weeks of date of delivery. There are administrative items that are required to be presented at the pilot model inspection. It is imperative that all of these items be presented at this time so they are ready for shipment, when the balance of the

Attachment E

units are delivered. PennDOT may withhold payment, where deemed necessary, pending receipt of these items. PennDOT disclaims any liability for damage to equipment that has not been unconditionally accepted by the PennDOT.

Attachment E

G. DELIVERY:

Time is of the essence. All units must be delivered within the number of days, specified in the invitation for bids, after receipt of the purchase order by the successful bidder. It shall be assumed by the parties that the successful bidder received the purchase order on the third business day following the date of the purchase order, unless the successful bidder provides credible evidence that the order was received on a later date. Bidders must specify delivery time in their bid. Phrases such as "as required", "as soon as possible", or "prompt" have no meaning and may be cause for rejection of the bid. The successful bidder shall deliver at ground level the complete unit(s) to the Equipment Division, 17th Street and Arsenal Blvd. Harrisburg, PA 17120. All deliveries shall be made on a working day between 7:00 AM and 3:30 PM. There is a loading dock at this location; however, any additional unloading cost shall be borne by the successful bidder. The terms of delivery are also controlled by other provisions in the invitation for bids.

The successful bidder shall submit to the PennDOT "on a continuing basis", all service bulletins and technical letters as regularly issued by a manufacturer to dealers or large fleets. All the relevant information shall be supplied for the unit(s) forwarded to the Commonwealth to inform PennDOT of any improvements, changes and/or problems concerning the unit and its component parts. This information shall be addressed to the Pennsylvania Department of Transportation, % Equipment Division, 17th St. & Arsenal Blvd., Harrisburg, PA 17120, ATTN: Chief, Equipment Division. PennDOT reserves the right to have its representative(s) periodically inspect each unit during assembly at the successful bidder's assembly point.

H. PROCEDURE FOR IMPLEMENTING REPAIRS:

In the event that a breakdown occurs, the repair work is to be performed by the successful bidder of record or his duly authorized representative within the Commonwealth. A copy of the successful bidder's work orders shall be supplied to the PennDOT County Equipment Manager and District Equipment Manager. Repairs assigned to the successful bidder can be performed at the successful bidder's place of business, at his duly authorized representative's place of business and, whenever possible, at the county maintenance facility or field locations. If services are to be performed at PennDOT's county maintenance facilities or in the field, the successful bidder must provide proof of insurance as stated in the contract attachments. County Equipment Managers shall notify the successful bidder or his duly authorized service representatives that the vehicle/equipment is down for component repairs and follow PennDOT standard procedure for handling warranty problems in accordance with the benefits of this warranty. At this time of notification, the location of repair is to be mutually agreed upon based on the most timely and cost effective basis to the Department. All work orders against the warranted repair shall be kept in PennDOT's Equipment History File at the county maintenance facility.

When repairs are to be performed at the successful bidder's place of business or his duly authorized representative's place of business, transportation of the vehicle/equipment within the Commonwealth of Pennsylvania shall be made by PennDOT. If determined by PennDOT that repairs cannot be handled within the Commonwealth, then transportation to and from the Commonwealth of Pennsylvania shall be the responsibility of the successful bidder.

I. LUBRICATION AND COMPONENT INFORMATION:

The successful bidder shall provide lubrication and component information (as applicable) upon request by PennDOT. This information may be provided by copying and completing the sample forms attached to this document, or may be presented on forms prepared by the successful bidder and/or manufacturer. (see attached sample forms – 4 pages).

J. SUCCESSFUL BIDDER'S RIGHTS:

The successful bidder shall have the right to make periodic inspections to ascertain that the maintenance techniques and/or repair procedures are being administered in accordance with the guidelines set forth in this document. Preventive maintenance shall be performed by PennDOT in accordance with the component manufacturer's recommended procedures, or as modified during the contract through supplements. All internal parts of the components shall be the repair responsibility of the successful bidder, except maintenance adjustments.

COMMONWEALTH OF PENNSYLVANIA
PENNSYLVANIA COMMERCIAL ITEM DESCRIPTION (PCID)

General Requirements for Delivery of Vehicles

(This item description supersedes PCID 1067, effective July 12, 2006)

PCID NO. 1067

Eff. July 21, 2006

The following delivery requirements shall apply to the vehicle as specified by the ordering agency. These requirements are in addition to, but not limited to, the vehicle specification provided as part of the solicitation document. Unless otherwise noted on the request for proposals or invitation for bids, deliveries shall be made to the Department of General Services (DGS), Commonwealth Garage, 22nd and Forster Streets, Harrisburg, Pennsylvania.

NOTE: Deliveries for the Department of Transportation (PennDOT) shall be made to the PennDOT Equipment Division, headquartered in Harrisburg, Pennsylvania. Deliveries for the Pennsylvania State Police (PSP) shall be made to the PSP Transportation Division headquartered in Harrisburg, Pennsylvania.

1.0 GENERAL REQUIREMENTS SECTION

1.1 The vehicle Manufacturer's model name and/or model number shall be indicated on a decal affixed inside the door.

1.2 Standard solid exterior colors with standard interior trim shall be selected after the award is made unless otherwise indicated in the proposal.

1.3 Tire size and type shall be original equipment brand or as indicated in the proposal or specification sheet. Tire inflation monitors shall be supplied as required by Federal Motor Vehicle Safety Standard (FMVSS) 138.

1.4 All vehicles shall be new and of the model year indicated in the proposal.

1.5 All vehicles shall include all genuine parts, accessories and equipment considered standard by the manufacturer for the vehicle offered by the supplier.

1.6 All vehicles shall have a valid PA state inspection sticker and a valid PA emissions inspections sticker (for all vehicles subject to the PA I/M Program). NOTE: New or current model year vehicles with less than 5,000 miles, subject to the PA I/M program, must display a valid PA emissions inspection sticker with an exemption indicator. All Pennsylvania state inspection requirements are the sole responsibility of the supplier.

1.7 All vehicles shall have completed the manufacturers' recommended pre-delivery service.

1.8 All vehicles shall be clean, lubricated, serviced, fuel tank filled to full recommended capacity, all adjustments completed, all mechanical and electrical components fully functional and operational, and the vehicle will be "road ready" for immediate use.

NOTE: Supplier shall not remove the manufacturer's MSRP (Monroney) sticker and/or dealer sticker price prior to delivery. Stickers should be affixed to an interior surface of the vehicle window and legible from outside of the vehicle. Stickers shall be easily removable without any permanent marking left on the glass.

1.9 All vehicles shall have appropriately placed decals or manuals indicating the types of required fuels or lubricants and the capacity of each fluid's reservoir in accordance with the manufacturer's recommendation.

Attachment F

Vehicle Delivery Requirements

PCID NO. 1067

1.10 All vehicles shall have permanent antifreeze in each vehicle to protect it at a level of -35°F. Only a low silicate type anti-freeze will be used for vehicles having diesel engines.

1.11 All vehicles shall be free from all dealer signs/emblems.

1.12 All vehicles shall have all required rust proofing applied to the exterior and underside of the vehicle. No rustproofing compound can be on the personnel compartment's items or the exterior of the body in unsightly or unintended areas.

1.13 All vehicles shall include a copy of the manufacturer's warranty and service policy with all warranty vouchers, certificates and coupons.

1.14 Each vehicle shall include the proper forms to apply for Pennsylvania title and license including the original manufacturer's Statement of Origin signed by the dealer/supplier and notarized. All title papers shall be properly executed and include PennDOT Form MV-1, Application for Title, which shall indicate the owner name and address as follows: **Pennsylvania Department of General Services, 2221 Forster Street, Harrisburg, Pa 17125.***

*VEHICLES DELIVERED TO PA STATE POLICE AND PA DEPT OF TRANSPORTATION SHALL BE TITLED ACCORDINGLY.

1.15 At the time of vehicle delivery, the successful supplier shall furnish an original and three copies of the invoice which shall include the key number, vehicle color and Commonwealth purchase order number and indicate ordering agency.

1.16 The successful supplier shall comply with the manufacturer's warranty, or authorize a qualified dealer in the locality in which the unit is assigned to do whatever is required to comply with the manufacturer's warranty.

1.17 The successful supplier shall submit at least two (2) copies of all service/technical bulletins, recall notices, etc. to the Director, Bureau of Vehicle Management, Department of General Services, 2221 Forster Street, Harrisburg, Pennsylvania 17125. These documents shall be submitted on a continual basis to keep the Bureau of Vehicle Management informed regarding improvements, changes and/or problems concerning Commonwealth owned vehicles and their component parts.

1.18 The Department of General Services, Bureau of Vehicle Management, will inspect all vehicles prior to acceptance. It will be the responsibility of the supplier to remove any vehicle rejected by the Bureau of Vehicle Management within two (2) working days after notification, and return the vehicle to the Commonwealth Garage upon correction of deficiencies. Date in service will be the date the vehicle is accepted by the Commonwealth, not the date of delivery.

1.19 The Commonwealth disclaims any liability for damage to vehicles not unconditionally accepted by the Commonwealth.

1.20 Unless otherwise indicated, all items requested in this specification which are listed in the manufacturer's specification book as standard or optional equipment shall be factory installed and operative. Vehicles delivered to the Commonwealth in a condition considered to be below retail customer acceptance levels will not be accepted. Items which determine this acceptance level shall include, but not be limited to, the general appearance of the interior and exterior of the vehicle for completeness and quality of workmanship, lubrication and fluid levels, with any leaks corrected, mechanical operation of the vehicle and all electrical components operational. Allied equipment specified to be furnished and installed which is not available through the vehicle manufacturer shall conform to the best quality standards known to that particular industry, both product and installation.

1.21 Trucks with snow plows being delivered to the Commonwealth Garage for inspection, are required to have the snow plow stored in the truck bed. Failure to do so will show cause for rejection of inspection.

1.22 All vehicle deliveries shall be coordinated through the DGS Bureau of Vehicle Management. Suppliers shall call (717) 787-4252 for delivery schedule at least 48 hours in advance. When vehicles are purchased by Pennsylvania State Police, the successful supplier shall call (717) 787-1318 (PSP). When vehicles are purchased by Pennsylvania

Attachment F

Vehicle Delivery Requirements

PCID NO. 1067

Department of Transportation, the successful supplier shall call (717) 787-2123 (PennDOT) for information regarding invoicing and delivery.

1.23 Vehicle Delivery: Mileage limitations are placed upon vehicles delivered in accordance to these requirements as indicated below. If the mileage upon delivery exceeds these limits, a credit of \$5.00 per mile will be applied against the awarded supplier's purchase order as damages and deducted at time of payment. If the awarded supplier uses a towing device to tow another vehicle to the Commonwealth Garage for delivery, the towing device may not be attached in a way that holes are drilled in the bumpers of the vehicles being towed. Drilling of holes in the vehicle bumpers is not permitted. Any bumper damage caused by a towing device will be replaced by the awarded supplier at no charge to the Commonwealth. If a vehicle is being towed by another vehicle, the vehicle being towed must have the drive shaft disconnected to eliminate unnecessary mileage.

1.23.1 Class 1 to 3 factory completed vehicles: mileage displayed on the vehicle odometer shall not exceed 400 miles.

1.23.2 Class 2 to 5, factory incomplete vehicle: mileage displayed on the vehicle odometer upon delivery with final stage manufacturer certification shall not exceed 800 miles.

2.0 REQUIRED EQUIPMENT SECTION

The following items shall be supplied on all vehicles as **Minimum** required equipment, unless otherwise superceded in the request for proposals or invitation for bids.

2.1 Lug wrench on all trucks and jacks on trucks up to and including 10,000 lbs. GVWR.

2.2 Air conditioning integral with the heater and defrosters.

2.3 Dual electric intermittent windshield wipers.

2.4 The rustproofing shall be factory or locally applied in compliance with Federal Standard 297A. Warranty coupon for five (5) years, at no cost to the Commonwealth, shall be furnished with each vehicle*.

* NOT APPLICABLE IF THE VEHICLE FURNISHED IS FACTORY WARRANTED AGAINST CORROSION FOR NOT LESS THAN 5 YEARS AT NO COST TO THE COMMONWEALTH OF PENNSYLVANIA. WARRANTY INDICATING COMPLIANCE IS REQUIRED WITH EACH VEHICLE.

2.5 Emergency warning triangle kit (on vehicles with GVWR of 10,000 lbs. or higher; aftermarket installation if necessary).

2.6 First aid kit, 10 person with mountable cabinet (on vehicles with GVWR of 10,000 lbs. or higher; aftermarket installation if necessary).

2.7 Fire extinguisher, rechargeable, with vehicle mount, reference 2A:10B:C, 5 pound (on vehicles with GVWR of 10,000 lbs. or higher; aftermarket installation if necessary).

2.8 Powerport.

2.9 Unless otherwise indicated on the purchase order, each vehicle shall be equipped with front and rear license plate holders with a minimum two license plate screws installed.

**COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF GENERAL SERVICES
HARRISBURG
September 27, 2006**

For: All using Agencies of the Commonwealth
Subject: Contract Changes
Contract Period: Beginning: 09/01/2006 and Ending: 08/31/2007
Buyer Name: Alfonzo J. Robinson

CHANGE SUMMARY:

Please note the following changes:

Contract# 4600010645 (Apple Automotive Group Inc.)

- Vehicles Specification on previous item spreadsheet read "Spec T". The updated item spreadsheet reads "Spec S". Also review updated Spec Sheet

Contract# 4600010636 (Bob Weaver Chevrolet, Co.)

- The "10 Passenger Van Standard Vehicle" has been deleted from the contract. Updated item spreadsheet and spec sheet reflects change.

ALL OTHER TERMS AND CONDITIONS OF THIS AGREEMENT NOT CHANGED BY THIS CHANGE NOTICE REMAIN AS ORIGINALLY WRITTEN.
