Attachment A – Special Contract Terms and Conditions
CN00007072

1. Contract Term.

The contract shall commence on the Effective Date, which shall be no earlier than September 1, 2004 and expire on August 31, 2005 or until awarded contractor's stock is depleted and cannot be restocked by manufacturer, whichever comes first.

2. Intent Of Contract.

This contract (identified here and in the other documents as the "Contract") provides for the acquisition of passenger and light duty trucks (fleet vehicles) per the minimum specifications in Attachment D – Vehicle Specifications for the Commonwealth of Pennsylvania (CWOPA) using agencies.

The Contract will incorporate Vehicle Delivery Requirements, in accordance with the Pennsylvania Commercial Item Description (PCID) NO. 1067, "Pennsylvania Department of General Services, PCID No. 1067 Attachment F - General Requirements for Delivery of Vehicles, Dated July 21, 2004 is included as a part of this specification.

3. Order of Precedence.

These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions For Statewide Contracts for Supplies, which are attached as Attachment G and will be made a part of the Contract. To the extent that these Special Contract Terms and Conditions conflict with the Standard Contract Terms and Conditions for Statewide Contracts for Supplies, these Special Contract Terms and Conditions shall prevail.

4. Option to Extend.

The Department of General Services (DGS) reserves the right, upon notice to the contractor, to extend the contract or any part of the contract for up to three (3) months under the same terms and conditions. This will be utilized to prevent a lapse in Contract coverage and only for the time necessary, up to three (3) months, to enter into a new contract.

5. Renewal.

The Contract or any part of the contract may be renewed for two (2) additional one (1) year terms by mutual agreement between CWOPA and the Contractor. If the contract is renewed, the same terms and conditions and pricing shall apply. The contractor's past performance under the contract will be one criterion that CWOPA will consider in its decision as to whether to renew.

6. Cooperative Purchasing Program

The contractor(s) will be required to provide fleet vehicles for executive and independent agencies and those state affiliated entities and entities under the COSTARS (Cooperative Sourcing to Achieve Reduction in Spend) program that desire to order from the contract. COSTARS is a service provided by the Department of General Services for Local Public Procurement Units located in Pennsylvania. Local Public Procurement Units are authorized by law to participate in or purchase from Department of General Services' statewide requirements contracts. Eligible Local Public Procurement Units are defined as:

- Any political subdivision
- Any public authority
- Any tax exempt, nonprofit educational or public health institution or organization
- Any nonprofit fire, rescue or ambulance company

Attachment A – Special Contract Terms and Conditions
CN00007072

- And to the extent provided by law, any other entity, including a council of governments or an area government that expends public funds for the procurement of supplies, services, and construction.

7. Acknowledgement Of Order.

The Contractor must acknowledge receipt of an order within ten (10) calendar days from the day the purchase order is issued to the contractor. In order to insure timely delivery, General Services and participating Local Public Procurement Units should follow up on orders if written acknowledgement is not received within ten (10) calendar days.

8. Delivery Time.

The contractor(s) must make delivery no later than 100 calendar days after acknowledgement of purchase order for Passenger Vehicles (Bi-Fuel vehicle delivery will be 135 calendar days or sooner). Failure to deliver within these time periods shall result in payment of liquidated damages in accordance with Paragraph 18, of these Special Terms and Conditions. Liquidated damages shall not apply under the circumstances specified in Paragraph 20, Force Majeure, of the Standard Contract Terms and Conditions For Statewide Contracts for Supplies.

CWOPA understands that the contractor is not obliged to deliver orders placed after the OEM build-out date, if vehicles are not available.

Vehicles purchased by the Pennsylvania State Police will be delivered FOB to: Pennsylvania State Police, Transportation Division, 20th & Herr Sts., Harrisburg, PA 17103. Prior to delivery the contractor must call 717-787-1318, Rick Binker, for inspection appointment, title, and MV1 instructions.

Vehicles purchased by Pennsylvania Department of Transportation will be delivered FOB to: PA Department of Transportation, Equipment Division, 17th & Arsenal Blvd., Harrisburg, PA 17120. Prior to delivery the contractor must call 717-787-2123, Larry Allen, for inspection appointment, title, and MV1 instructions.

All other vehicles will be delivered FOB to: Department of General Services, Bureau of Vehicle Management, 2221 Forster St., Harrisburg, PA 17125, with all proper paperwork as stated in the body of the specification sheets. Prior to delivery the contractor must call 717-783-3088, Mark Carnes, for inspection appointment, title, and MV1 instructions.

During the term of the Contract, CWOPA reserves the right to work with the contractor(s) to identify additional delivery locations across the Commonwealth of Pennsylvania. Additional delivery costs, if any, will be determined through negotiations with the contractor(s).

9. Monthly Purchase Reports.

The contractor shall furnish to the CWOPA monthly electronic reports no later than the fifteenth calendar day of the month for the previous month's purchasing activity. Failure to provide this information may result in termination of the contract.

Each report shall indicate name and address of the contractor, contract number, and period covered by the report. The following information shall be listed on the report for each order received.

SAP Item No.
Material Number
CWOPA Agency

Attachment A – Special Contract Terms and Conditions
CN00007072

Public Procurement Unit
Make
Model/Trim
Additional Options (above specifications)
Vehicle Cost (according to specifications)
Delivery Charge
Quantity
Order Date
Delivery Date

All such reports shall be created using a template provided by CWOPA. Final format and types of data requested will be agreed upon prior to contract award. Reports shall be sent to:

Department of General Services
Attn: Richard Gaul
414 North Office Building
Harrisburg PA 17125
rgaul@state.pa.us

10. Quarterly Business Review Meetings.

CWOPA requires that the contractor and Original Equipment Manufacturer (OEM) actively participate in Quarterly Business Review meetings with the CWOPA commodity manager and fleet manager to evaluate past performance, address any issues, discuss upcoming vehicle changes, identify additional cost savings opportunities, and report build-out dates.

11. Resolution.

Any questions or problems pertaining to acquisition of vehicles by participating Local Public Procurement Units and their use of the Contract should be accomplished in a timely manner and all contact pertaining to these questions or problems should be directed to Richard Gaul at rgaul@state.pa.us and 717-705-0862.

12. Additional Delivery Charges (Participating Local Public Procurement Units ONLY). Participating Local Public Procurement Units will pick up ordered equipment at the contractor(s)'s place of business or have the equipment delivered by the contractor for an additional **CHARGE PER VEHICLE of \$200.00.**

13. Taxes.

All participating Local Public Procurement Units will be required to indicate on their purchase orders the Internal Revenue Service Registration Number for exemption from Federal Excise Tax, if applicable.

14. Motor Vehicles to be manufactured in North America. [To be used only for the procurement of passenger cars and trucks as those terms are defined in Section 102 of the Vehicle Code, 75 Pa.C.S. Section 102].

All motor vehicles furnished by the contractor pursuant to the Contract must be manufactured in North America. North America is defined as the United States, Canada, and Mexico. A motor vehicle is manufactured in North America if a substantial majority of the principal components are assembled into the final products in an assembly plant in North America. The contractor shall be prepared to prove that the motor vehicles that will be, or have been, furnished to the CWOPA will be or are, in fact, manufactured in North America in accordance with Sections 3731-3736 of the Commonwealth Procurement Code (62 Pa. C.S. Sections 3731-3736), known as the Motor Vehicle Procurement Act. No payment shall be made to the contractor unless CWOPA is satisfied that the

Attachment A – Special Contract Terms and Conditions
CN00007072

contractor has complied with these provisions and the Motor Vehicle Procurement Act. Any payments made to the contractor, which should not have been made, shall be recoverable directly from the contractor. In addition to the withholding of payments, any person who willfully violates any of the provisions of the Motor Vehicle Procurement Act may be prohibited by any public agency from participation in contracts awarded by the public agency for a period of five years from the date of determination that a violation has occurred.

15. Liquidated Damages.

If any item is not delivered within the time limits specified in Paragraph 9, Delivery Time, of these Special Contract Terms and Conditions, the delay will interfere with the proper implementation of CWOPA's programs and utilizing the item, to the loss and damage of CWOPA. From the nature of the case it would be impractical and extremely difficult to fix the actual damage sustained in the event of any such action. CWOPA and the contractor, therefore, presume that in the event of any such delay the amount of damage which will be sustained from a delay will be **\$10.00** per calendar day per vehicle, and they agree that in the event of any such delay, the contractor shall pay such amount as liquidated damages and not as a penalty. CWOPA, at its option, for amounts due CWOPA as liquidated damages, may deduct such from any money payable to the contractor or may bill the contractor as a separate item. CWOPA shall notify the contractor in writing of any claims for liquidated damages pursuant to this paragraph before the date CWOPA deducts such sums from money payable to the contractor. Delivery of an item, which is rejected by CWOPA, shall not toll the running of the days for purposes of determining the amount of liquidated damages.

Note: Please also see Standard Contract Terms and Conditions For Statewide Contracts for Supplies, Paragraph 20, Force Majeure, for exceptions to the application of liquidated damages.

For Participating Local Public Procurement Units Only: The amount of any liquidated damages against the contractor, may be deducted from the total amount due the contractor from a Political Subdivision, Authority, Private College or University.

16. Specifications.

Vehicle minimum specifications are defined in Attachment D – Vehicle Specifications. Bidders should note that these are minimum specification requirements. In addition to these specifications, all vehicles must have a current and valid PA inspection sticker along with a full tank of gasoline or the vehicle will not be accepted.

Specifications shall be industry standard with approved options, including alternative fuel where applicable.

CWOPA's passenger vehicle and light duty truck fleet consists of four vehicle types depending on the agency and their unique needs and requirements. CWOPA has defined a minimum specification for each of the four vehicle types and their associated vehicle classes. When responding to this bid bidders are asked to review in detail the Attachment D – Vehicle Specifications for the minimum CWOPA specification required for each vehicle being bid in Attachment B – Contractor Price Submittal.

Standard Vehicle – This is the standard fleet vehicle that will make up the majority of the estimated quantities. This vehicle is most similar to the base model vehicle offered by OEMs with few additional minimum specifications.

Work Vehicle – This vehicle type is limited to light duty trucks and SUVs and represents the second largest number of estimated quantities for CWOPA. These vehicles include

Attachment A – Special Contract Terms and Conditions
CN00007072

minimum specifications that enable agencies to access/work in off-road locations and have the ability to tow trailers, etc.

Executive 1 Vehicle – This vehicle type represents a small portion of the estimated quantities. These vehicles will be used for government executives that require a fleet vehicle.

Executive 2 Vehicle - This vehicle type represents the smallest portion of the estimated quantities. These vehicles will be used for special government officials that require a fleet vehicle.

17. Trim Levels.

Vehicles supplied against the Contract will contain all of the standard equipment indicated for the trim level specified by the contractor in the bid.

18. Pick-up Site.

The contractor must have a site within the confines of the Commonwealth of Pennsylvania for CWOPA agencies and participating Local Public Procurement Units to pick up their vehicle(s), rather than have the vehicle(s) delivered.

19. Owner's Manuals.

The contractor(s) shall supply the Department of General Services, Bureau of Vehicle Management, one (1) copy of the Manufacturer's Owner's Manual(s) for each model vehicle awarded. Each vehicle shall include a copy of the Manufacturer's Service and Warranty Policy with all warranty verification vouchers, certificates, and/or coupons.

20. Local Public Procurement Unit Participation.

Those local public procurement units and any other Commonwealth purchasing agencies, which issue orders under the Contract, are intended beneficiaries under the contract and are real parties in interest with the right to sue and be sued without joining CWOPA's Department of General Services as a party.

Local public procurement units, and any other Commonwealth purchasing agencies, that elect to participate in the Contract may issue orders or enter into participating agreements directly with the contractor and will be responsible for payment directly to the contractor.

The contractor(s), who is awarded this Contract, agrees to provide vehicles at the awarded price, in accordance with the contractual terms and conditions, to all local public procurement units that decide to participate. The contractor shall notify the CWOPA contracting officer in writing of any and all orders and participating agreements with local public procurement units.

21. Method for Pricing Options Above Minimum Specifications.

When a Purchasing Agent needs to price options that are in addition to CWOPA's minimum specifications found in Attachment D – Vehicle Specifications for an awarded vehicle on the contract, the Purchasing Agent will go to the Kelley Blue Book website at www.kbb.com to find the respective published invoice pricing. The invoice price for each additional option will be based upon the original date CWOPA or Local Public Procurement Units access the Kelly Blue Book website, referred to as the prep date on the Purchase Order. Additionally, the contractor agrees to honor the price of the additional options as indicated on the prep date for a period of ten (10) days.

Upon contractor(s) Acknowledgement Of Order, as described in Section 7. Acknowledgement Of Order, the contractor(s) will verify the invoice pricing for options that are in addition to CWOPA's minimum specifications found in Attachment D – Vehicle Specifications on the given prep date. If

Attachment A – Special Contract Terms and Conditions
CN00007072

the contractor finds that the invoice pricing provided for the additional options on the given prep date is not accurate the contractor must provide official documentation with the accurate invoice pricing.

22. Vehicle Model/Trim Discontinuation.

When the contractor(s) discontinues a vehicle model/trim listed on the contract, the vehicle model/trim will be deleted from the contract.

23. Vehicle Model/Trim Additions to Contract.

CWOPA reserves the right to add vehicle models/trims to the Contract any time during the term of the Contract. The Contractor Vehicle Price will be negotiated at the time the vehicle model/trim is added to the Contract.

COMMONWEALTH OF PENNSYLVANIA
PENNSYLVANIA COMMERCIAL ITEM DESCRIPTION (PCID)

General Requirements for Delivery of Vehicles

(This item description supersedes PCID 1067, effective February 25, 2004)

PCID NO. 1067

Eff. July 21, 2004

The following delivery requirements shall apply to the vehicle as specified by the ordering agency. These requirements are in addition to, but not limited to, the vehicle specification provided as part of the solicitation document. Unless otherwise noted on the request for proposals or invitation for bids, deliveries shall be made to the Department of General Services (DGS), Commonwealth Garage, 22nd and Forster Streets, Harrisburg, Pennsylvania.

NOTE: Deliveries for the Department of Transportation (PennDOT) shall be made to the PennDOT Equipment Division, headquartered in Harrisburg, Pennsylvania. Deliveries for the Pennsylvania State Police (PSP) shall be made to the PSP Transportation Division headquartered in Harrisburg, Pennsylvania.

1.0 GENERAL REQUIREMENTS SECTION

- 1.1 The vehicle Manufacturer's model name and/or model number shall be indicated on a decal affixed inside the door.
 - 1.2 Standard solid exterior colors with standard interior trim shall be selected after the award is made unless otherwise indicated in the proposal.
 - 1.3 Tire size and type shall be original equipment brand or as indicated in the proposal or specification sheet.
 - 1.4 All vehicles shall be new and of the model year indicated in the proposal.
 - 1.5 All vehicles shall include all genuine parts, accessories and equipment considered standard by the manufacturer for the vehicle offered by the contractor.
 - 1.6 All vehicles shall have a valid PA state inspection sticker and a valid PA emissions inspections sticker (for all vehicles subject under the PA I/M Program). NOTE: New or current model year vehicles with less than 5,000 miles, subject under the PA I/M program, must display a valid PA emissions inspection sticker with an exemption indicator. All Pennsylvania state inspection requirements are the sole responsibility of the contractor.
 - 1.7 All vehicles shall have completed the manufacturers' recommended pre-delivery service.
 - 1.8 All vehicles shall be clean, lubricated, serviced, gas tank filled to full recommended capacity, all adjustments completed, all mechanical and electrical components fully functional and operational, and the vehicle will be "road ready" for immediate use.
- NOTE:** Dealer should not remove the manufacturer's MSRP (Monroney) sticker and/or dealer sticker price prior to delivery. Stickers should be affixed to an interior surface of the vehicle window and legible from outside of the vehicle. Stickers shall be easily removable without any permanent marking left on the glass.
- 1.9 All vehicles shall have appropriately placed decals indicating the types of required fuels or lubricants and the capacity of each fluid's reservoir that is required by the vehicle.

Vehicle Delivery Requirements

PCID NO. 1067

1.10 All vehicles shall have permanent antifreeze in each vehicle to protect it at a level of -35°F. Only a low silicate type anti-freeze will be used for vehicles having diesel engines.

1.11 All vehicles shall be free from all dealer signs/emblems.

1.12 All vehicles shall have all required rust proofing applied to the exterior and underside of the vehicle. No rustproofing compound can be on the personnel compartment's items or the exterior of the body in unsightly or unintended areas.

1.13 All vehicles shall include a copy of the manufacturer's warranty and service policy with all warranty vouchers, certificates and coupons.

1.14 Each vehicle shall include the proper forms to apply for Pennsylvania title and license including the original manufacturer's Statement of Origin signed by the dealer/contractor and notarized. All title papers shall be properly executed and include PennDOT Form MV-1, Application for Title, which shall indicate the owner name and address as follows: **Pennsylvania Department of General Services, 2221 Forster Street, Harrisburg, Pa 17125.***

*VEHICLES DELIVERED TO PA STATE POLICE AND PA DEPT OF TRANSPORTATION SHALL BE TITLED ACCORDINGLY.

1.15 At the time of vehicle delivery, the successful contractor shall furnish an original and three copies of the invoice which shall include the key number, vehicle color and Commonwealth purchase order number and indicate ordering agency.

1.16 The successful contractor shall comply with the manufacturer's warranty, or authorize a qualified dealer in the locality in which the unit is assigned to do whatever is required to comply with the manufacturer's warranty.

1.17 The successful contractor shall submit at least two (2) copies of all service/technical bulletins, recall notices, etc. to the Director, Bureau of Vehicle Management, Department of General Services, 2221 Forster Street, Harrisburg, Pennsylvania 17125. These documents shall be submitted on a continual basis to keep the Bureau of Vehicle Management informed regarding improvements, changes and/or problems concerning Commonwealth owned vehicles and their component parts.

1.18 The Department of General Services, Bureau of Vehicle Management, will inspect all vehicles prior to acceptance. It will be the responsibility of the delivering dealer to remove any vehicle rejected by the Bureau of Vehicle Management within two (2) working days after notification, and return the vehicle to the Commonwealth Garage upon correction of deficiencies. Date in service will be the date the vehicle is accepted by the Commonwealth, not the date of delivery.

1.19 The Commonwealth disclaims any liability for damage to vehicles not unconditionally accepted by the Commonwealth.

1.20 Unless otherwise indicated, all items requested in this specification which are listed in the manufacturer's specification book as standard or optional equipment shall be factory installed and operative. Vehicles delivered to the Commonwealth in a condition considered to be below retail customer acceptance levels will not be accepted. Items which determine this acceptance level shall include, but not be limited to, the general appearance of the interior and exterior of the vehicle for completeness and quality of workmanship, lubrication and fluid levels, with any leaks corrected, mechanical operation of the vehicle and all electrical components operational. Allied equipment specified to be furnished and installed which is not available through the vehicle manufacturer shall conform to the best quality standards known to that particular industry, both product and installation.

1.21 Trucks with snow plows being delivered to the Commonwealth Garage for inspection, are required to have the snow plow stored in the truck bed. Failure to do so will show cause for rejection of inspection.

1.22 All vehicle deliveries shall be coordinated through the DGS Bureau of Vehicle Management. Vendors shall call (717) 787-4252 for delivery schedule at least 48 hours in advance. When vehicles are purchased by Pennsylvania State Police, the successful contractor shall call (717) 787-1318 (PSP). When vehicles are purchased by Pennsylvania Department of Transportation, the successful contractor shall call (717) 787-2123 (PennDOT) for information regarding invoicing and delivery.

1.23 Vehicle Delivery: A vehicle may not be driven more than 400 miles from the awarded vendor's place of business to the DGS Commonwealth Garage for inspection without penalty. If delivery is more than 400 miles, a credit of \$5.00 per mile will be applied against the awarded contractor's purchase order as damages and deducted at time of payment. If the awarded vendor uses a towing device to tow another vehicle to the Commonwealth Garage for delivery, the towing device may not be attached in a way that holes are drilled in the bumpers of the vehicles being towed. Drilling of holes in the vehicle bumpers is not permitted. Any bumper damage caused by a towing device will be replaced by the awarded vendor at no charge to the Commonwealth. If a vehicle is being towed by another vehicle, the vehicle being towed must have the drive shaft disconnected to eliminate unnecessary mileage.

2.0 REQUIRED EQUIPMENT SECTION

The following items shall be supplied on all vehicles as **Minimum** required equipment, unless otherwise superceded in the request for proposals or invitation for bids.

2.1 Lug wrench on all trucks and jacks on trucks up to and including 8,500 lbs. GVWR.

2.2 Air conditioning integral with the heater and defrosters.

2.3 Dual electric intermittent windshield wipers.

2.4 The rustproofing shall be factory or locally applied in compliance with Federal Standard 297A. Warranty coupon for five (5) years, at no cost to the Commonwealth, shall be furnished with each vehicle*.

* NOT APPLICABLE IF THE VEHICLE FURNISHED IS FACTORY WARRANTED AGAINST CORROSION FOR NOT LESS THAN 5 YEARS AT NO COST TO THE COMMONWEALTH OF PENNSYLVANIA. WARRANTY INDICATING COMPLIANCE IS REQUIRED WITH EACH VEHICLE.

2.5 Emergency warning triangle kit (on vehicles with GVWR of 10,000 lbs. or higher; aftermarket installation if necessary).

2.6 First aid kit, 10 person with mountable cabinet (on vehicles with GVWR of 10,000 lbs. or higher; aftermarket installation if necessary).

2.7 Fire extinguisher, rechargeable, with vehicle mount, reference 2A:10B:C, 5 pound (on vehicles with GVWR of 10,000 lbs. or higher; aftermarket installation if necessary).

2.8 Powerport.

2.9 Unless otherwise indicated on the purchase order, each vehicle shall be equipped with front and rear license plate holders with a minimum two license plate screws installed.
