PRICING HIGHLIGHTS

▶ Catalog Contract---see item and header details for info and discounts.

Due to military needs and metals markets, prices have been on a climb.

PROCESS TO PURCHASE

▶ Contact vendors and procure---P CARDS YES
Normal delivery is 30 days, but allow 90 days for Flash/Bang Grenades and Bombs

NOTE: Due to global conflicts some items (military usage) are being quoted as a year out. Some vendors have stopped shipping rifle rounds.

SPECIAL CONTRACT TERMS AND CONDITIONS

CONTRACT SCOPE/OVERVIEW: This contract No. 1305-01 (identified here and in the other documents as the "contract") will cover the requirements of Commonwealth agencies for ammunition.

TERM OF CONTRACT: The contract shall commence on October 19, 2004 and expire on August 31, 2006.

OPTION TO RENEW: The contract, or any part of the contract, may be renewed for three (3) additional one (1) year terms by mutual agreement between the Commonwealth and the contractor(s). If the contract is renewed, the same terms and conditions shall apply.

OPTION TO EXTEND: The Department of General Services reserves the right, upon notice to the contractor(s), to extend the contract or any part of the contract for up to three (3) months upon the same terms and conditions. This will be utilized to prevent a lapse in contract coverage and only for the time necessary, up to three (3) months, to enter into a new contract.

UPDATE OPTION AND APPLICATION: The awarded contractor(s) may update the contract price list two (2) times during the initial contract period to reflect new products, manufacturer's price increases and deletion of discontinued products. However, the percentage discount awarded must remain the same. The update is allowed after the contract has been in effect for four months. In the event the contract is renewed for additional years, one (1) update per each additional year will be allowed.

Contractors shall submit a letter with the price list to the appropriate buyer requesting review and approval of the updated price list. The contractor shall itemize all changes in a clear concise fashion. It is the responsibility of the contractor to adequately justify changes. All requests for updates must be accompanied by the manufacturer's latest published price list along with a letter of verification from the manufacturer. If approved, a contract change notice will be issued adding the updated price list to contract. It will then be the responsibility of the awarded contractor(s) to distribute the price list to the users.

At no time is the awarded contractor(s) allowed to unilaterally change the products or prices on the contract. Approval must be granted by the Buyer. Orders will be monitored to ensure compliance.

SUGGESTED RETAIL LIST PRICE: Within ten (10) days after a request from a Commonwealth agency, a contractor shall furnish the requesting agency with a copy of the price list for the referenced manufacturer's equipment. Contractors may not publish any price list for use by Commonwealth agencies with alternate pricing, additional terms and conditions and additional items. Price lists and catalogs issued to the agencies shall be the same price list as submitted with the bid.

DELIVERY REQUIREMENTS: All deliveries shall be F.O.B. Destination to any Using Agency within the Commonwealth of Pennsylvania. All articles ordered from this contract shall be delivered within a reasonable time, not to exceed thirty (30) calendar days after receipt of order unless otherwise agreed to, in writing, by the Department of General Services.

ORDER OF PRECEDENCE: These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions for Statewide Contracts for Supplies. To the extent that these Special Contract Terms and Conditions conflict with the Standard Contract Terms and Conditions for Statewide Contracts for Supplies, these Special Contract Terms and Conditions shall prevail.

OPTION FOR SEPARATE COMPETITIVE BIDDING PROCEDURE: The Department of General Services reserves the right to purchase supplies covered under this contract through a separate competitive bidding procedure, whenever the department deems it to be in the best interest of the Commonwealth. The right will generally be exercised only when a specific need for a large quantity of the supply exists or the price offered is significantly lower than the contract price.

PROVISIONS FOR PIGGYBACKING OFF OF THIS CONTRACT: In addition to Commonwealth agencies, Act 57 of May 15, 1998, as amended by Act 142 of 2002, permits local public procurement units to participate in those contracts for supplies, services, or construction entered into by the Department of General Services that are made available to public procurement units. A "local public procurement unit" is defined as:

- 1) any political subdivision;
- 2) any public authority;
- 3) any tax exempt, nonprofit educational or public health institution or organization;
- 4) any nonprofit fire company, nonprofit rescue company or nonprofit ambulance company;
- 5) and to the extent provided by law, any other entity, including a council of governments or an area government that expends public funds for the procurement of supplies, services and construction.

Those local public procurement units listed above, and any other Commonwealth purchasing agencies, which issue orders under the contract are intended beneficiaries under the contract and are real parties in interest with the right to sue and be sued without joining the Commonwealth of Pennsylvania Department of General Services as a party.

Local public procurement units, and any other Commonwealth purchasing agencies, that elect to participate in the contract will order items directly from the contractor and will be responsible for payment directly to the contractor.

MINIMUM ORDER: The minimum order under this contract shall be one (1) case for all categories except Law Enforcement Defense Products which shall be \$250.00.

INQUIRIES: Direct all questions concerning this contract to:

Mike Richart
Bureau of Purchases
Department of General Services

Email: mrichart@state.pa.us

CONTRACTOR LIST

The contractor(s) identified by an "X" in the Act 57 column has agreed to sell the awarded item(s) at the same prices and/or discounts, and in accordance with the contractual terms and conditions, to local public procurement units which elect to participate in the contract. A "local public procurement unit" is defined as: any political subdivision; public authority; educational, health, or other institution; and to the extent provided by law, any other entity, including a council of governments or an area government; nonprofit fire, rescue, or ambulance company; and any nonprofit corporation operating a charitable hospital. Unless otherwise specified below, payment terms are Net 30 days.

*Refill Hardware Kit contains Hose, Funnel & Instruction Sheet

In order to comply with the Department of Transportation CFR-49 ruling, we may no longer pressurize and ship any of the MK-21/MK-46 series of aerosol canisters. Filling and pressurization is the responsibility of the customer. The hardware kit and refills come with detailed easy to follow instructions. The MK-21/MK-46 are delivered empty, but include refill solution. A hardware kit (#5520) will allow you to continually refill one or more canisters. The canisters will then need to be pressurized with nitrogen according to the instructions.
