

Diesel Fuel Contract (9140-04) - Overview

Prior to utilizing a contract, the user should read the contract in it's entirety.

DESCRIPTION

- Types of Delivery - Tank Wagon and Truck Transport
- Product Types - Ultra Low Sulfur, Biodiesel
- A supplier awarded by county for each type of delivery and for each product type. Some counties are not covered for each type of delivery. Bio-diesel is not available in some counties.
- Purpose is to fill customer owned storage tanks.
- Minimum delivery of 200 gal for tank wagon and 5,000 gal for truck transport.
- Diesel Fuel specification is PCID 1056, 7/6/07
- Bio-Diesel specification is PCID 1107, 7/6/07
- For DOT winter blend, an anti-icing/anti-gel additive is required. The additive was awarded as a separate line item and may be obtained from the supplier

CONTRACT INFO

Contract Number & Title	9140-04 Diesel Fuel (Note to Commonwealth Agencies: Contracts reside in R3)
Number of Suppliers	10
Validty Period	10/24/07 - 8/31/08
DGS Point of Contact	Jack Banks
Contact Phone #	(717) 787-6586
Email	jbanks@state.pa.us

PRICING HIGHLIGHTS

- Total Fuel Price is OPIS (an industry index) plus bid differential; SAP shows OPIS price as "Gross Price" and differential as "Surcharge".
- The OPIS price is adjusted daily. Each Monday, a change notice will be issued and posted to the DGS website to provide a summary of the daily price changes.
- The bid differential is fixed for the contract period.
- Government entities are exempt from state and local taxes per Department of Revenue regulations.
- Payment will be based upon the total fuel price on the day that the fuel delivery is made.

PROCESS TO PURCHASE (COSTARS)

- View contract on DGS website (www.portal.state.pa.us)
- Utilizing the Consolidated Award Sheet, locate supplier and their bid differential price for your county based upon the quantity you want (tank wagon or truck transport).
- Locate latest OPIS price via the latest change notice found on the DGS website.
- Add the differential and OPIS prices for total fuel price.
- In some instances, suppliers may not have the capacity to accept several new accounts. The supplier should be contacted prior to placing your order. When ordering, reference the contract number and line item and also include your COSTARS member number so DGS can track all spend data to get the best prices for all.

SPECIAL CONTRACT TERMS AND CONDITIONS

SECTION I GENERAL INFORMATION

I.1 OVERVIEW

This contract will cover the requirements of the Commonwealth of Pennsylvania ("Commonwealth") for diesel/biodiesel fuel ("Fuel," or, collectively "Fuels).

I.2 ORDER OF PRECEDENCE

These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions For Statewide Contracts for Supplies STANDARD TERMS & CONDITIONS INCORPORATED BY REFERENCE. To the extent that these Special Contract Terms and Conditions conflict with the Standard Contract Terms and Conditions for Statewide Contracts for Supplies, these Special Contract Terms and Conditions shall prevail.

I.3 TERM OF CONTRACT

Each Contract shall commence on the effective date and expire on August 31, 2008, unless extended or renewed in accordance with Sections 1.10 and 1.11 below, respectively.

I.4 PRE-BID TELECONFERENCE

The Bureau of Procurement will hold a teleconference with all prospective bidders on July 24, 2007 at 2:00PM. The call in number is 1-866-779-0773, Access Number *1675579*. The purpose of this conference is to discuss the various changes to the diesel fuel solicitation and to clarify any terms and conditions in the solicitation not clearly understood.

Although the teleconference is optional, the Bureau encourages supplier participation to maintain a dialogue on various diesel fuel related issues. Answers furnished during the conference are not official until verified, in writing, by the Issuing Office.

I.5 BIDDING

The bid price is the price differential above the OPIS Average as described in the Price Adjustment Clause. The price differential includes all transportation, delivery, handling charges, overhead, profit, and any applicable taxes, etc. The differential shall remain fixed for the entire contract period.

Bids are requested by group for either Tank Wagon (TW) and /or Truck Transport (TT) delivery. Each group has a various number of counties. A bidder will offer one bid price for a particular group to supply Diesel Fuel #2 and/or one price for a particular group to supply Bio-Diesel B5 Blend.

For Northampton County, bids for truck transport delivery are requested for that single county.

I.6 INCURRING COSTS

The Commonwealth is not liable for any costs or expenses incurred by Qualified Suppliers in the preparation of their bids.

I.7 INITIAL PRICE SUBMISSION INSTRUCTIONS

Suppliers will submit their initial pricing responses utilizing the Excel worksheets on disk (floppy/CD). The Excel work book has two worksheets: one for the ultra low sulfur diesel and bio-diesel fuels and one for the additives. When completing the worksheets, Suppliers must include the following information:

- Price differential per gallon
- Supplier FIN – Insert your Federal Identification Number
- Supplier Name – Insert your company name
- Vendor Number – Insert your assigned SAP vendor number

Return a disk (with Supplier's name printed on the disk label) along with a printed hard copy of the worksheets of the completed item sheets with the signed bid in a sealed envelope.

If you have any questions regarding the disk or its contents, please contact Jack Banks, at 717-783-6586 or Joel Shiffler, at 717-346-8179. .

I.8 AWARD

Group Awards shall be made to the responsive and responsible bidder. For Diesel Fuel #2, the basis for award shall be the lowest price differential for each particular group. For Bio-Diesel, B5 Blend, the basis for award shall be the lowest price differential for each particular group. A bidder is not required to bid both fuel types in a particular group to be considered for an award of that group.

The offered price for the additive and/or ultra low sulfur kerosene will not be an evaluation factor for award.

I.9 OPTION TO EXTEND

The Department of General Services reserves the right, upon notice to the Contractor, to extend the Contract or any part of the Contract for up to three (3) months upon the same terms and conditions. This will be utilized to prevent a lapse in Contract coverage and only for the time necessary, up to three (3) months, to enter into a new contract.

I.10 OPTION TO RENEW

The contract(s) or any part of the contract(s) may be renewed for an additional four (4) one-year terms by mutual agreement between the Commonwealth and the Contractor(s). If the Contract(s) is/are renewed, the same terms and conditions shall apply.

I.11 LIQUIDATED DAMAGES

The delivery of fuel not meeting specifications defined in PCID 1056 i.e. winter blend, may cause interruption of the proper implementation of the Commonwealth's winter roadway safety program. The Commonwealth and the awarded supplier, therefore, presume that in the event of any such interruption due to the failure to meet specifications, the amount of damage which will be sustained as \$250.00 per business day per inoperable truck involved in the Commonwealth's winter roadway safety program. The Commonwealth and the awarded supplier further agree that, the awarded supplier shall pay such amount as liquidated damages not as a penalty. The Commonwealth shall be held responsible for roadways that are officially closed, obstructed, or impassable due to winter weather conditions and is required to releases the supplier from the liquidated damages for the day(s) of obstruction to traffic.

The Commonwealth has the following option for deducting amounts due to the Commonwealth as liquidated damages:

- May deduct such from any money payable to the awarded supplier or
- May bill the awarded supplier as a separate item.

It is the responsibility of the Department of General Services to investigate instances of fuel not meeting specifications and causing interruption of the proper implementation of the Commonwealth's winter roadway safety program by gathering information from the using agency and the contractor. The Department of General Services will determine whether liquidated damages are an appropriate remedy in each instance. The Commonwealth shall notify the awarded supplier in writing of any claims for liquidated damages pursuant to this paragraph before the date the Commonwealth deducts such sums from the money payable to the awarded supplier.

I.12 OPTION FOR SEPARATE COMPETITIVE BIDDING PROCEDURE

The Department of General Services reserves the right to purchase supplies covered under this Contract through a separate competitive bidding procedure, whenever the department deems it to be in the best interest of the Commonwealth. The right will generally be exercised only when a specific need for a large quantity of the supply exists or the price offered is significantly lower than the Contract price.

I.13 INQUIRIES: Direct all questions concerning this solicitation to the appropriate buyer named herein.

Jack Banks
Bureau of Procurement
555 Walnut Street, Forum Place
Harrisburg, PA 17101-1914

E-mail: jbanks@state.pa.us

SECTION II SCOPE OF WORK

II.1 SCOPE OF SUPPLY REQUIREMENTS

Supplier is required to supply any facility of the Commonwealth located in their awarded county/counties. A list of facilities is attached that indicates the number of tanks and their sizes. This list may not include all delivery locations within a county.

II.2 DELIVERIES

Supplier shall deliver fuel within five (5) days after receipt of a Field Purchase Order or agency notification for delivery. In an emergency situation, the Supplier shall deliver Fuel(s) within 24 hours after agency notification of delivery or as otherwise agreed to, by the using agency and the Supplier. Deliveries shall be at the tank inlets at each individual facility for each individual fuel type. Transportation terms are F.O.B. DESTINATION for all deliveries.

The Minimum Truck Transport ("T.T.") delivery quantity is 5,000 gallons. The Minimum Tank Wagon ("T.W.") delivery quantity is 200 gallons.

II.3 DELIVERY NOTES

Contractor is responsible for deliveries of awarded items; however, contractor may arrange to have another company make the actual delivery subject to the same terms and conditions of the contract.

The Commonwealth has a number of above ground, concrete vaulted, fuel storage tanks. Product enters a vaulted tank through a 4" port equipped with a 2" grooved male adapter. The existing adapter and overfill protection equipment does not permit full infusion of a standard delivery nozzle into the tank.

Delivery vehicles are required to carry a cam-and-groove, or quick disconnect fitting adapter, (if not already equipped with one), to insure the proper connection to the tank. It is not permissible to remove the overfill protection to gain access to the tank, nor to deliver product through any other existing port on the tank. This procedure is strictly enforced to insure the integrity of the overfill mechanism, and the tank system in general.

II.4 DELIVERY DOCUMENTS

For tank wagon deliveries, trucks equipped with meters must make all deliveries. Meters must provide accurate, automatically printed delivery tickets indicating gallons delivered. Multi-part metered delivery tickets must be used, two copies of which must be given to the Utility Manager or authorized designee. Automatic printouts must show opening and closing readouts. An authorized representative of the Commonwealth must be present at all deliveries. The driver must obtain a signature from the Commonwealth's authorized representative verifying the readout. For winter blending, stamp or write "Fuel Additized with _____ at _____ ratio" on the delivery document. Otherwise, the agency will not accept delivery.

For truck transport deliveries, computerized bills of lading, metered slips from the terminal loadings, and sealed compartment deliveries are acceptable. An authorized representative of the Commonwealth must be present at all deliveries. The driver must obtain a signature from the Commonwealth's authorized representative verifying the readout. For winter blending, stamp or write "Fuel Additized with _____ at _____ ratio" on the delivery document. Otherwise, the agency will not accept delivery.

II.5 FUEL SPECIFICATIONS

The low-sulfur and ultra-low sulfur diesel fuel shall comply with Pennsylvania Commercial Item Description (“PCID”) 1056, entitled Fuel, Diesel, effective 7/6/07.

The bio-diesel fuel shall be a blend by volume. These fuels shall conform to the attached PCID 1107, entitled Bio-Diesel Fuel, B100, effective 7/6/07 and the PCID 1056, entitled Fuel, Diesel, effective 7/6/07. The blend of fuels shall be accomplished by the injection blending or splash blending method.

II.6 LABORATORY TESTING RESULTS

The Department of General Services reserves the right to require all awarded suppliers to provide certified data from laboratory testing performed by the suppliers, or performed by an independent laboratory, as specified by the department. All costs associated with supplying these samples are the responsibility of the supplier.

CERTIFICATION

The awarded supplier must provide certifications for each delivery of the fuel products listed below. Certifications will be submitted on company letterhead or stamped/written on delivery receipt.

- Ultra low sulfur diesel fuel meets all EPA requirements
- Biodiesel fuel (B100), used as a blend stock, is derived from virgin soybean, rapeseed, or canola oils.
- Winter Blend diesel fuel or biodiesel blends have a cold filter plugging point of -15 ° F or less.

For winter blending, stamp or write “Fuel Additized with _____ at _____ ratio” on the delivery document. Otherwise, the agency will not accept delivery.

SECTION III PRICING AND INVOICING

III.1 PRICE ADJUSTEMENT CLAUSE

1. The Commonwealth shall adjust prices under this Contract as established in this clause.
2. The basis for the ultra low sulfur (ULS) diesel fuel price changes shall be the Oil Price Information Service (OPIS), Daily Wholesale Rack Report, Gross Prices. The price changes will be computed on a daily basis. If the Rack Report is not issued for some reason, then the last published price information will be used. The computation is as follows:

Daily Adjusted ULS Diesel Fuel Price = (Philadelphia Average ULS Rack Price + Harrisburg Average ULS Rack Price + Pittsburgh Average ULS Rack Price)/3

The price adjustment is applicable to all Pennsylvania counties.

The total fuel price is thus calculated using the Daily Adjusted ULS Diesel Fuel Price plus or minus the awarded price differential. On a weekly basis, a Change Notice will be issued to incorporate these price changes

3. The basis for the bio-diesel fuel price shall be the OPIS, Ethanol and BioDiesel Information Service Report. The applicable price will be taken from the OPIS Gross SME BioDiesel Tax Adjusted Market Index, B99 Blendstock, High Sulfur No.2, for the Lancaster, PA location. The OPIS price for bio-diesel fuel will be changed on a weekly basis. The price adjustment is applicable to all Pennsylvania counties. If the Gross SME BioDiesel Tax Adjusted Market Index, B99 Blendstock, for Lancaster, PA does not prove to be reflective of the bio-diesel market, the Commonwealth reserves the right to revert to the weekly Jacobsen BioDesel Bulletin.

The total fuel price is thus calculated using the weekly B99 OPIS Price and the Daily Adjusted ULS Diesel Fuel Price plus or minus the awarded price differential for biodiesel. In a weekly basis, a Change Notice will be issued to incorporate the price change. The computation is as follows:

(.05 X (Weekly B99 OPIS Price)+ .95 X (Daily Adjusted ULS Diesel Fuel Price)+ biodiesel Price Differential= B5

III.2 INVOICES

Payment will be based upon the total fuel price on the day that the fuel delivery is made. Payment for weekend deliveries will be based on the total fuel price of the preceding Friday. For holiday deliveries, if market prices are published by the Oil Price Information Service (OPIS) on that holiday, then payment will be based on the total fuel price for that day.

III.3 REPORTING REQUIREMENTS

The Commonwealth and World Energy, a consultant to the Commonwealth, both require a monthly electronic (Microsoft Excel/Access) summary report from the Contractor. The electronic format shall be jointly determined by the Contractor and the Commonwealth. As a minimum, the report shall contain the following information: Contract Number, Contractor Name, Account Number, Invoice Number, Customer Name, Delivery Address (include Street, City, State), Delivery Date, Fuel Description, Quantity, Unit of Measure, Unit Price, and Total Price. The report must be filed within thirty (30) days after the end of each month to both the Commonwealth and World Energy. In addition, the Contractor may be asked to furnish additional information to the Commonwealth regarding deliveries, payments, invoices, etc.

COMMONWEALTH OF PENNSYLVANIA
PENNSYLVANIA COMMERCIAL ITEM DESCRIPTION (PCID)

PCID NO. 1056

FUEL, DIESEL

Eff. 07/06/07

(This item description supersedes PCID 1056 dated 06/30/06)

This Pennsylvania Commercial Item Description covers requirements for grades of fuels suitable for use in typical diesel engines.

1. **Quality and Materials** - The diesel fuels furnished in accordance with this specification shall be visually free from water, grit, acid and fibrous or other foreign matter likely to clog or injure pumps, nozzles or valves.
2. **Characteristics** -- The fuels shall conform to the chemical and physical characteristics in the following Table.
- 2.1 Reference ASTM Specification D975-07a Standard Specifications for Diesel Fuel Oils or latest version.

Table I:

<u>CHARACTERISTICS</u>	<u>Winter Blend¹</u>	<u>Grade No. 2-D (S500)</u>	<u>Grade No. 2-D (S15)</u>
Flash Point °C. min	52	52	52
Viscosity, mm ² /S at 40°C. (min./max.)	1.9/4.1	1.9/4.1	1.9/4.1
Cold Filter Plugging Point (CFPP)	-15°F	See footnote ²	See footnote ²
Copper Strip Corrosion (3 hrs. at 50°C.) max.	No. 3	No. 3	No. 3
Cetane Index, Minimum	40	40	40
Water and Sediment, max. %	0.05	0.05	0.05
Sulfur, max. % mass ³	0.05/0.0015	0.05	0.0015
Carbon Residue on 10 percent Bottom Ramsbottom max. % mass	0.35	0.35	0.35
Distillation Temperature °C 90% , % vol. recovered			
min.	282	282	282
max.	338	338	338
Ash % mass max.	.01	.01	.01
On of the following must be met ⁴ :			
1)Centane Index min.	40	40	40
2)Aromaticity % vol. max	35	35	35
Lubricity, HFRR @ 60 °C micron max.	520	520	520

¹ Winter Blend to be supplied during the period of October 1 thru April 15. The Winter Blend will contain Anti-Gel and De-Icer additives.

² Standard CFPP for the season at time of delivery.

³ Sulfur Content - When applicable, the sulfur content shall not exceed Federal, State or Local Laws.

⁴ These test methods are specified in 40 CFR Part 80.

3. **Testing** – Testing will be made in accordance with the following ASTM test methods:

<u>CHARACTERISTIC</u>	<u>Test Method</u>
Flash Point	D 93
Viscosity	D 445
CFPP	D 6371
Copper Strip Corrosion	D 130
Cetane Index	D 613
<u>CHARACTERISTIC</u>	<u>Test Method</u>

Water and Sediment	D 2709
Sulfur	D 129 and D 2622
Carbon Residue	D 524
Distillation Temperature	D 86
Ash	D 482
One of the following properties must be met: (See footnote 4 above.)	D 976-80 Centane Index D 1319 Aromaticity
Lubricity	D 6079

4. Material Masters – This PCID encompasses requirements for the following material masters:

144137 - DIESEL MOTOR FUEL OIL NO.2,TANK WAGON	UNSPSC Code 15101505
144138 - FUEL OIL,DIESEL,MOTOR, NO.2,TRUCK TRANSPORT	UNSPSC Code 15101505
301672 - FUEL, BIODIESEL, TANK WAGON	UNSPSC Code 15101505
301673 - FUEL, BIODIESEL, TRUCK TRANSPORT	UNSPSC Code 15101505

5. Bulk Delivery – Shall be made in accordance with good commercial practice.

6. Compliance and Testing – Bidders must provide typical test data for all or some characteristics shown in Table I upon request by the Department of General Services, Commonwealth of Pennsylvania. Special requests for fuel testing maybe made by the Department of General Services, Commonwealth of Pennsylvania with the department paying for these tests.

7. Document Sources: American Society for Testing & Materials (ASTM), 100 Barr Harbor Drive, West Conshohocken, PA 19428.

Quality Assurance Specialist: George Landis

Quality Assurance Supervisor: Craig Wolford, CPPB

Division Director: Paul Wolf, C.P.M, CPPB

COMMONWEALTH OF PENNSYLVANIA
PENNSYLVANIA COMMERCIAL ITEM DESCRIPTION (PCID)

PCID NO. 1107
 Eff. Revised 07/06/07

Biodiesel Fuel, B100
 (Supersedes 09/19/06)

This Pennsylvania Commercial Item Description covers Biodiesel fuel for use as an additive for blending with industry standard #2 Heating Oil or Diesel fuels to provide a more environmentally preferable fuel product to be used in fuel oil burners or diesel combustion engines. The percentage blended shall be as specified in the request for proposals or invitation for bids.

1. Requirements

- 1.1 Properties –a fuel comprised of mono-alkyl esters of long chain fatty acids derived from virgin soybean, rapeseed, or canola oils. This specification is for pure (100%) biodiesel prior to blending, designated B100.
- 1.2 Characteristics – The minimum chemical and physical characteristics shall be as specified in Table I:
- 1.3 Reference – ASTM specification D 6751-07a or current version Standard Specification for Biodiesel Fuel Blend Stock (B100) for Middle Distillate Fuels.

Table I:

Characteristic	Test Method	ASTM D-6751 / EN14214 Specification
Viscosity at 40° C (mm ² /s)	D 445	1.9 – 6.0
Flash Point °C (Closed Cup)	D 93	93 min.
Sulfated Ash % mass	D 874	.020 max
Water and Sediment % by Volume	D 2709	.050 max
Distillation Temperature °C	D 1160	360 max
Carbon Residue % mass	D 4530	.050 max
Sulfur % mass (ppm) *	D 5453	.0015 max (15)
Cetane Number	D 613	47 min
Cloud Point °C	D 2500	Report **
Copper Strip Corrosion	D 130	No. 3 max
Acid Number mg KOH/gm	D 664	.50 max
Free Glycerin % mass	D 6584	.020
Total Glycerin % mass	D 6584	.24
Phosphorus Content % mass	D 4951	.001 max
Sodium and Potassium, combined (ppm)	EN 14538	5 max
Oxidation Stability hours	EN 14112	3 min
Alcohol Control: One of the following must be met:		
1. Methanol Content % Volume	EN 14110	.2 max
-----	-----	-----
2. Flash Point °C	D 93	130 min
Ester Content % mass	EN 14103	96.5 min.
CFPP °F	D 6371 / EN 116	32 max.

* Other sulfur limits may apply. All fuel must comply with Federal, State, and Local regulations.

**The cloud point of biodiesel is generally higher than petroleum based diesel fuel and should be taken into consideration when blending.

1.4 The product covered by this specification must meet the Department of Environmental Protection, Bureau of Air Quality standards, Pennsylvania Code, Title 25.

1.5 The biodiesel fuel shall be visually free of undissolved water, sediment, and suspended matter.

1.6 Compliance and Testing - Bidders must provide typical test data for all or some characteristics shown on Table I upon request by the Department of General Services, Commonwealth of Pennsylvania. Special requests for fuel testing maybe made by the Department of General Services, Commonwealth of Pennsylvania with the department paying for these tests.

2. Material Masters – Not applicable.

3. Bulk Deliveries - Deliveries shall be made in accordance with good commercial practice.

4. Documents

NET 30

The Commonwealth of Pennsylvania, through the Department of General Services, accepts the submission of the Bidder/Contractor for the awarded item(s) at the price(s) set forth below in accordance with: 1) the RFQ submitted by the Bidder/Contractor, if any; 2) the documents attached to this Contract or incorporated by reference, if any, and 3) the contract terms and conditions stored on the website address at www.dgs.state.pa.us for this type of Contract as of the date of the RFQ, if any, or other solicitation for this Contract, all of which, as appropriate, are incorporated herein by reference. When the Bidder/Contractor receives an order from a Commonwealth agency, the order constitutes the Bidder/Contractor's authority to furnish the item(s) to the agency at the time(s) and place(s) specified in the order. RFQ, as used herein, means Request for Quotations, Invitation for Bids, Invitation to Qualify, or Request for Proposals, as appropriate.

Item	Material/Service Desc	Est Qty	UOM	Net Price	Per Unit	Total

Contract No. 4600012924
Contract Original Approval Date: 10/16/2007

Supplier Name:
WITTER GAS & OIL CO INC

Item	Material/Service Desc	Est Qty	UOM	Net Price	Per Unit	Total
50	144136 ADDITIVE, ANTIGEL / DE-ICING	0.00	US Gallon	6.00	100 US Gallon	0.00

General Requirements for all Items:

Header Text

POC: Mindy Milford, (814) 642-2577
mmilford@zitomedia.net

The net price represents the awarded price differential. To obtain the total fuel price for a given day add the applicable OPIS price (See Special Contract Terms and Conditions, Section III, "Price Adjustment Clause") for that day and the price differential shown on this contract for the particular county and type of delivery.

No further information for this contract.

Estimated Total Value:
\$ 600,000.00
Currency: USD

**COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF GENERAL SERVICES
HARRISBURG**

For: All Using Agencies of the Commonwealth
Subject: #2 Diesel Fuel
Contract Period: Beginning 10/24/2007 and Ending 8/31/2008
Commodity Specialist Name: Jack Banks/717-787-6586

CHANGE SUMMARY: Contract Price Adjustment

In accordance with the Price Adjustment Clause in the contract, the daily OPIS prices are provided below. To obtain a total fuel price for a given day add the applicable OPIS price and the price differential shown on the contract for your particular county and type of delivery. As quick reference, the price differentials can also be located by viewing the Consolidated Award Spreadsheet that is available on the DGS website (www.dgs.state.pa.us).

Date	ULS No. 2 Diesel Fuel Price	Bio-Diesel (B5) Price
10/24/2007	2.5039	2.5537
10/25/2007	2.5438	2.5916
10/26/2007	2.5985	2.6436

Notes:

- In SAP, the bio-diesel heating oil price is determined by the calculation shown in the Price Adjustment Clause
- Current weekly B100 OPIS price is 3.5190
- The minimum delivery quantities established for this contract are 200 gallons for tank wagon and 5,000 gallons for truck transport.
- In SAP, the OPIS Price and the Price Differential are represented in the outline agreements as the Gross Price and Surcharge respectively.
- On the hard copy of the contracts, the net price represents the awarded price differential. For the Petroleum Trader's Contract 4600012918, the gross price represents the awarded price differential.

**COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF GENERAL SERVICES
HARRISBURG**

For: All Using Agencies of the Commonwealth
Subject: #2 Diesel Fuel
Contract Period: Beginning 10/24/2007 and Ending 8/31/2008
Commodity Specialist Name: Jack Banks/717-787-6586

CHANGE SUMMARY: Use of Additive

As clarification, the use of the additive is considered an option available on the statewide contract. The Department of General Services recognizes that some facilities monitor their fuel very closely and treat the diesel fuel themselves.

CHANGE SUMMARY: Contract Price Adjustment

In accordance with the Price Adjustment Clause in the contract, the daily OPIS prices are provided below. To obtain a total fuel price for a given day add the applicable OPIS price and the price differential shown on the contract for your particular county and type of delivery. As quick reference, the price differentials can also be located by viewing the Consolidated Award Spreadsheet that is available on the DGS website (www.portal.state.pa.us).

Date	ULS No. 2 Diesel Fuel Price	Bio-Diesel (B5) Price
12/24/2007	2.7139	2.7177
12/25/2007	2.7067	2.7108
12/26/2007	2.7058	2.7100
12/27/2007	2.7391	2.7416
12/28/2007	2.7764	2.7771

Notes:

- In SAP, the bio-diesel heating oil price is determined by the calculation shown in the Price Adjustment Clause
- Current weekly B100 OPIS price is 3.5190
- The minimum delivery quantities established for this contract are 200 gallons for tank wagon and 5,000 gallons for truck transport.
- In SAP, the OPIS Price and the Price Differential are represented in the outline agreements as the Gross Price and Surcharge respectively.
- On the hard copy of the contracts, the net price represents the awarded price differential. For the Petroleum Trader's Contract 4600012918, the gross price represents the awarded price differential.
