CONTRACT INFO

Contract Number, Title & Collective Number	5820-02 - Two-Way Radio Communications Equipment and Accessories - CN00019397
Number of Suppliers	29 - Refer to Book mark on DGS Website titled SRM Parent and Children Contracts for Parent Contract # and Authorized Dealers Contract # for each Parent Contract
Validity Period	Two (2) Years - Beginning July 1, 2006 and Expiring on June 30, 2008, with an option for three (3) one-year renewals
DGS Point of Contact	Angela M. Corish, Commodity Specialist
Contact Phone & Fax #	Phone: 717-346-4294 Fax: 717-783-6241
Email	acorish@state.pa.us

PRICING HIGHLIGHTS

► This is a multiple award catalog contract. Each supplier offers a specific manufacturer brand with a % discount off of current manufacturer price list.

All Discounts are defined on the Item Sheets.

Awarded Suppliers may update their contract price list once every quarter during the months of January, April, July and October with the first update being allowed after the contract has been in place for 3 months.

PROCESS TO PURCHASE

► Minimum Order is \$100.00

Contact Information for all suppliers can be located in the Header Text of each individual Outline Agreement in SAP.

Refer to the Item Sheet for Contract #5820-02 at the DGS Website www.dgs.state.pa.us for awarded suppliers by manufacturer in each category.

All agencies will process their Purchase Orders through SAP.

All suppliers have agreed to participate in the COSTARS Program for eligible Local Public Procurement Units.

SPECIAL CONTRACT TERMS AND CONDITIONS

CONTRACT SCOPE/OVERVIEW: This Legacy Contract No. 5820-02 (identified here and in the other documents as the "Contract") will cover the requirements of Commonwealth Agencies for Two-Way Radio Communication Equipment and Accessories. The Commonwealth cannot guarantee a specific volume of business over the term of the contract. This contract is for the purpose of acquiring the designated product and associated accessories and services for the Using Agency (Contract User) designated to receive equipment and/or services as the result of this procurement.

ORDER OF PRECEDENCE: These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions For Statewide Contracts for Supplies. To the extent that these Special Contract Terms and Conditions conflict with the Standard Contract Terms and Conditions For Statewide Contracts for Supplies, these Special Contract Terms and Conditions shall prevail.

TERM OF CONTRACT: The Contract shall commence on the Effective Date, which shall be no earlier than July 1, 2006 and expire on June 30, 2008.

OPTION TO RENEW: The contract or any part of the contract may be renewed for three (3) additional one (1) year terms by mutual agreement between the Commonwealth and the Contractor(s). If the Contract is renewed, the same terms and conditions shall apply.

OPTION TO EXTEND: The Department of General Services reserves the right, upon notice to the Contractor, to extend the Contract or any part of the Contract for up to three (3) months upon the same terms and conditions. This will be utilized to prevent a lapse in Contract coverage and only for the time necessary, up to three (3) months, to enter into a new contract.

OPTION FOR SEPARATE COMPETITIVE BIDDING PROCEDURE: The Department of General Services reserves the right to purchase supplies covered under this Contract through a separate competitive bidding procedure, whenever the department deems it to be in the best interest of the Commonwealth. The right will generally be exercised only when a specific need for a large quantity of the supply exists or the price offered is significantly lower than the Contract price.

HI-TECH LIABILITY: The awarded vendor's liability to the Commonwealth under the contract shall be limited to the greater of one million dollars (\$1,000,000.00) or the total price for the products, software and/or services as shown on the purchase order. This limitation will apply, except as otherwise stated in this clause, regardless of the form of action, whether in contract or in tort including negligence. This limitation does not, however, apply to damages for bodily injury or damage to real property or tangible personal property for which the awarded vendor is legally liable, nor will the limitation apply to the awarded vendor's indemnity of the Commonwealth for patent, copyright or trademark infringement.

MULTIPLE AWARD METHOD OF AWARD: Award was made to the responsible and qualified bidder offering the greatest discount in each category from the manufacturer's most current (at time of bid opening), official, dated price lists or priced catalog. Only one award was made for each manufacturer's complete line of available products in a particular category. Vendors Price List / Catalog prices include equipment, installation, delivery and warranty.

COMPLIANCE: Equipment shall comply with all applicable Federal Communications Commission (FCC) requirements. All components shall meet or exceed all applicable Electronic Industries Alliance (EIA) standards. Upon request by a Using Agency of the Commonwealth, awarded vendors may be required to submit a company certified letter to the

Agency for adherence and compliance to FCC requirements and/or EIA standards applicable to the equipment or components being purchased.

PRODUCT UPDATE OPTION AND APPLICATION: The awarded vendor may update their contract price list once every quarter during the months of January, April, July and October to reflect the introduction of new products, manufacturer's price increases, as well as deletions and substitutions of a manufacturer's discontinued items. The first update request will be permitted during the first quarter after the contract has been effect for three (3) months. In the event the contract is renewed for subsequent annual periods, additional update requests will be permitted. The percentage discounts may not be decreased during the term of the contract and any extensions or renewals thereto. The Commonwealth will accept an increase in discount percentage at any time during the contract period, either for an individual order or as a permanent change to the contract. It is understood and agreed that the Commonwealth is to receive the benefit of any price reductions at any time during this contract.

Vendors shall submit a letter or email the appropriate Commodity Specialist requesting review and approval of any update(s), to include updates to price lists or permanent increases in discount percentage. The vendor shall itemize all changes in a clear concise fashion. It is the responsibility of the vendor to adequately justify changes. All requests for updates to a contract price lists, must be accompanied by the manufacturer's latest published price list along with a letter of verification from the manufacturer. If approved, a contract change notice will be issued adding the updated price list to contract. It will then be the responsibility of the awarded vendors to distribute the price list to the users.

At no time are awarded vendors allowed to unilaterally change the products or prices on contract. The Commodity Specialist must grant approval. Orders will be monitored to ensure compliance.

WARRANTY: Contract price includes a minimum one-year warranty covering parts and labor against defects in workmanship and materials for all equipment purchased under this contract. Contract price also includes a one-year on-site warranty for all fixed station equipment purchased under this contract. During this warranty period, the vendor shall repair or replace defective components and/or units at no cost to the Commonwealth. A copy of the manufacturer's standard warranty is made part of this Contract. The warranty period shall commence upon acceptance of the items by the Commonwealth.

ON SITE WARRANTY SERVICE: Awarded suppliers must have the capability, either directly or through the manufacturer or a manufacturer's representative, to perform on-site warranty service (warranty is defined as the standard provided by the manufacturer for the period of time indicated in the contract). Awarded suppliers must have the ability to perform warranty services at the Commonwealth site of the equipment in need of such service by the using agency. If such services are required, they shall be acquired separately.

REPLACEMENT PARTS: Awarded suppliers must provide replacement parts, (either an exact duplicate or a newer version of the same part which performs the same function and is replaceable with the part being replaced), directly or through the manufacturer or a manufacturer's representative, to the Commonwealth and /or the Commonwealth's designed maintenance service provider. Replacement parts must be made available for at least two (2) years after the warranty expiration.

SERVICES: Awarded suppliers may offer to provide additional related services in conjunction with the equipment items they are offering to supply to the Commonwealth under this contract. Services include, but are not limited to, maintenance, training,

relocation of equipment and installation. For such services, the Awarded Vendor and the Using Agencies shall negotiate the applicable services and prices and the Agencies will request one written and signed offer from the awarded vendor, which will be attached to the Purchase Order (PO). Agencies requiring these additional services will procure them via a PO in SAP. These services are over and above the services already built into the equipment bid prices. These services and their associated prices will not be a factor in bid evaluation and award of the contract; however, bidders may submit a list of services they wish to provide and their costs. If it is not possible to submit pricing, as may be the case with certain installation services, bidders may simply note which services they will provide and the actual price will be negotiated between the Awarded Vendors and the Using Agencies and attached to the PO in the form of a quote from the Vendor. The Commonwealth does however, reserve the right to restrict the services which can be procured under the contract and not to include any services if either the price(s) is (are) unacceptable or services are outside of the acceptable scope of additional services. Any price update for these services is subject to the "Update Option" clause.

DELIVERIES: All deliveries shall be F.O.B. Destination to any Using Agency within the Commonwealth of Pennsylvania. All articles ordered from this contract shall be delivered within a reasonable time, not to exceed thirty (30) calendar days after receipt of order unless otherwise agreed to, in writing, by the Department of General Services. All deliveries against the contract shall be securely packaged so as to avoid breakage or damage in accordance with standard industry practice.

MINIMUM ORDER: The minimum order under this contract shall be one hundred (\$100.00) Dollars.

CONTRACT PAYMENTS / INVOICES: Notwithstanding the provisions set forth in GSPUR-12E, *Standard Contract Terms and Conditions for DGS Statewide Contract for Supplies*, Paragraph 8, Compensation/Invoices, the Contractor shall include in all of its invoices the following minimum information:

- Supplier name and "Remit To" address, including SAP Vendor Number and, if ACH, the bank routing information or SAP 4-digit account identifier
- SAP Purchase Order Number
- Delivery Address, including name of Commonwealth Agency
- Description of the supplies/services delivered in accordance with SAP Purchase Order (include purchase order line number if possible)
- Quantity provided
- Unit Price
- Price Extension
- Total Price
- Delivery Date of supplies or services

If an invoice does not contain the minimum information set forth in this paragraph, the Commonwealth may return the invoice as improper. If the Commonwealth returns an invoice as improper, the time for processing a payment under GSPUR-12E, *Standard Contract Terms and Conditions for DGS Statewide Contract for Supplies*, Paragraph 9, Payment, will be suspended until the Commonwealth receives a correct invoice. The Contractor may not receive payment until the Commonwealth has received a corrected invoice. A copy of the Commonwealth's Invoice Template is attached to this Bid.

PLEASE NOTE: The following items are available to the Office of Administration and Pennsylvania State Police "ONLY" - The Office of Administration controls radio frequency as part of the Public Safety Radio Network System Project.

EXCEPTION: If an agency requires a need for any of this equipment, they must coordinate their request through Robert Barnham, Radio Project Supervisor, Office of Administration, Office of Public Safety Radio Services (OPRS) Engineering Branch at 717-214-6662 or email at rbarnham@state.pa.us

- A. 800 MHz Trunked or Conventional Equipment
- B. 900 MHz Trunked or Conventional Equipment
- C. All microwave equipment as listed below:
 - 1. All microwave transmit and receive equipment
 - 2. All microwave multiplex equipment to include modems, shelves, power supplies, amplifiers, term, sets and any other peripheral equipment
 - 3. All parabolic and other antennas directly related to microwave usage
 - 4. All microwave transmission line coupling, connecting or splicing devices
 - 5. All dehydrators designed for use with microwave air dielectric transmission lines
 - 6. All other equipment designed for use in a microwave environment

COOPERATIVE SOURCING TO ACHIEVE REDUCTIONS IN SPEND (COSTARS) PROGRAM:

COSTARS Purchasers. Section 1902 of Act 57 of May 15, 1998, as amended by Act 142 of December 3, 2002, 62 Pa.C.S, Section 1902, authorizes local public procurement units and state-affiliated entities (together, "COSTARS Purchasers") within the Commonwealth of Pennsylvania to participate in Commonwealth contracts for supplies, services, or construction that the Department of General Services ("DGS") chooses to make available to COSTARS Purchasers. DGS has identified this Contract as a contract that will be made available for COSTARS Purchasers.

- a. A "local public procurement unit" is defined as:
 - Any political subdivision;
 - Any public authority;
 - Any tax exempt, nonprofit educational or public health institution or organization;
 - Any nonprofit fire, rescue, or ambulance company; and
 - To the extent provided by law, any other entity, including a council of governments or an area government that expends public funds for the procurement of supplies, services, and construction.

A state-affiliated entity is a Commonwealth authority or other Commonwealth entity that is not a Commonwealth agency.

b. Only those COSTARS Purchasers registered with DGS may purchase from a DGS contract. Any qualified entity not presently registered and wishing to participate in the COSTARS Program may register at any time by either completing a one-time, online registration on the DGS COSTARS Website at www.dgs.state.pa.us/costars or completing and returning a one-time Registration Form to the address below. Currently, there are several thousand registered COSTARS Purchasers. To view a list of the registered entities, please visit the website.

c. COSTARS Purchasers have the option to purchase from a DGS Statewide Contract with awarded contractor(s) for Commonwealth agencies' use, from any DGS cooperative procurement contract established exclusively for COSTARS Purchasers in accordance with the requirements of Act 77 of 2004, amending Section 1902 of the Commonwealth Procurement Code, 62 Pa.C.S. § 1902, or from their own procurement contracts established in accordance with the applicable laws governing such

procurements. The Contractor understands and acknowledges that there is no guarantee that any prospective COSTARS Purchaser will place an order under this Contract, and that it is within the sole discretion of the registered COSTARS Purchaser whether to procure from this Contract or to use another procurement vehicle.

d. Registered COSTARS Purchasers electing to participate in this Contract will order items directly from the Contractor and be responsible for payment directly to the Contractor.

Third Party Beneficiaries. DGS is acting as a facilitator for COSTARS Purchasers who may wish to purchase under this Contract. Registered COSTARS Purchasers who elect to participate in this contract and issue orders to the contractor(s) are third party beneficiaries who have the right to sue and be sued for breach of the contract without joining the Commonwealth or DGS as a party.

Quarterly Sales Report. The Contractor shall furnish to the DGS COSTARS Program Office an electronic contract use report, preferably in Excel spreadsheet form, no later than the fifteenth calendar day after each quarter in the contract period, detailing the Contract purchasing activity.

a. The Contractor shall e-mail the reports to GS-PACostars@state.pa.us or send the reports on compact disc via US Postal Service to the address below.

b. On each report, the Contractor shall include the Contractor's name and address, the Contract number, and the period covered by the report. The Contractor should list as much as the following information as possible on the report for each order received:

- Registered COSTARS Purchaser
- Material Code (UNSPSC)
- Item Description
- Quantity
- Unit Price
- Total Price
- Delivery Date

c. Failure to provide the Quarterly Sales Report in the specified time may result in suspension of activities with the COSTARS Program.

Inquiries. Additional information regarding the COSTARS Program is available on the DGS COSTARS Website at www.dgs.state.pa.us/costars. Direct all questions concerning the COSTARS Program to:

To Whom It May Concern:

Reference: Eventide Inc. Factory Authorized Representative for Pennsylvania

Dear Sir,

Please accept this letter of Notification of Representation for Pennsylvania that Eventide Inc. Communications Systems Division, One Alsan Way, Little Ferry, NJ 07643 is represented by:

TransCore, LP
4425 Chambers Hill Road
Harrisburg, PA 17111
Mr. Thomas Ramsey, GM
Tel: 717-561-9789 X 206
Fax: 717-561-9008
PA SAP Vendor #154839

TransCore, LP as our factory authorized digital voice logging and digital instant recall product representative in Pennsylvania is authorized to commit sales, accept orders, and communicate with commercial and government organizations on our behalf and offer the **State of Pennsylvania a 15% discount** off our current list prices. TransCore, LP has been a factory representative for Eventide continuously for the last 3 years. This appointment is valid until December 31, 2010.

Eventide Inc. and its representative, TransCore, LP have adequate facilities to provide after sales service to digital voice logging product customers throughout the State.

Should you have any further questions regarding this appointment, please contact the undersigned at our offices in Little Ferry, New Jersey at 201-641-1200 X264.

Sincerely,

Gordon F. Moore
General Manager
Eventide Inc.

IP FIRE STATION ALERTING SYSTEM

U.S. Price List

Zetron's IP Fire Station Alerting (IP FSA) system is ideal for any municipality that has IP links between its central communications center and its fire stations. IP FSA moves Fire dispatch into the IP world without sacrificing features that have worked so well for countless fire departments. Using IP to send control commands between the central site and the fire station increases the alerting speed and broadens connectivity options. Since voice announcements are independent of data commands, voice can be configured to go to the IP station units over either IP or radio.

Part Number	Description	Industrial Net Dollars
IP STATION UNITS		
901-9653	IP Station Unit Model 6203 (1 Station Column, 3 Apparatus Columns)	4175
901-9654	IP Station Unit M6204 (4 Apparatus Columns)	3950
950-0857	IP Station Unit PTT Handset With Hookswitch	230
950-0840	VoIP Intercom (enables VoIP dispatcher announcements)	1250

Evans Consoles is the world leader in premium command & control center console solutions with recognized market leadership within the government and corporate command and control, surveillance and homeland security markets. With over 7,000 major installations to most major government agencies and Fortune 500 corporations, Evans designs and manufactures solutions into the mission critical control centers, trading floors, data centers, computer floors and other technology-intensive work centers. Evans is considered the industry innovator and design leader and has developed the industries largest portfolio of product offerings and leads the industry in patents and industrial designs. Evans maintains an ISO 9001:2000 quality certification, which reinforces its reputation of producing the premium product in the industry.

IMPORTANT INFORMATION

1. Because of the highly customized nature of Evans Consoles products, this price list is itemized at the level of individual module components.
2. Consoles and millwork are only offered as complete assembled units.
3. Evans Consoles standard delivery and installation service are included in product price quotes based on this list. See Tab D&I for details.
4. Evans Consoles standard terms and conditions apply except as otherwise agreed in writing.
5. Evans Consoles Limited Lifetime Warranty applies to all purchases. See Tab LLW.
6. Prices for Design/Layout Services are shown on Tab DLS.
7. State and local taxes are extra.
8. Lead-time is six weeks from authorized purchaser's signature on documents and drawings.

EVANS CONSOLES INSTALLATION SERVICES

July 1, 2007

	<u>Regular Rate</u>	<u>Overtime Rate</u>
Installation Supervisor	\$50/hour	\$75.00/hour
Travel Time	\$50/hour	\$75.00/hour

Pricing includes cost for the installation of the materials by open shop, certified Evans Consoles installers. The installation activity includes the placement, installation, clean up and a training session on the service and maintenance of the materials supplied. The installation activity does not include the loading of the Client's electronics into the system. The installation rate assumes the installation of materials will take place during normal office hours. Any existing materials subject to relocation by Evans, or any unscheduled attendance by an Evans representative for Safety Training or drug testing, may be subject to additional charges.

Should union labor be required for installation post sale, Evans will submit a Change Order covering the additional project costs for these efforts. All additional costs are the direct responsibility of the purchaser.

Evans installation assumes a single installation activity in a clean and clear finished room environment. Under no circumstances can the installation of the equipment be undertaken in a room still under construction. All electrical work is to be provided by others. This includes all electrical circuits and high voltage wiring for projectors, wall boxes, conduit, etc.

Unless otherwise stated, the materials will be shipped complete to permit a continuous installation activity. The installation activity assumes the site is prepared to receive the materials and allow Evans' installers to fully complete the installation as a single activity (rather than requiring multiple site visits), unless otherwise noted herein. Multiple installation activities, additional time required to cover safety training or drug testing, overtime or delays caused by site conditions, are beyond the control of Evans and will be charged as an extra.

LIFETIME LIMITED WARRANTY

Evans warrants that all consoles, technical furniture and display wall structures manufactured by it will be free from defects in materials and workmanship from the date of transfer of ownership as follows:

- (1) LIFETIME WARRANTY on all fixed structural frame components;
- (2) All static exterior panels and work surface components for a period of five (5) years; and,
- (3) All adjustable, sliding or hinged mechanisms or parts for a period of one (1) year.

Written notice of any claim under this limited warranty shall be delivered to Evans not later than the expiration of the applicable warranty period (the "Warranty Notice Period"). In the event that a written notice of a claim under this limited warranty is not delivered to Evans prior to the expiration of the relevant Warranty Notice Period, Evans shall have no obligation to repair or replace the product and shall have no other liability whatsoever under this limited warranty.

During a particular warranty period Evans will replace or repair (at Evans' option) products covered by this limited warranty that are returned to Evans. All defective products must be returned to Evans and Client is responsible for all shipping and handling charges and for insuring the shipment. Evans will ship the repaired or replacement products to the Client freight prepaid. Under no circumstances is Evans liable for any charges, costs, or expenses related to the dismantling of any defective product of the installation of any repaired or replacement product.

This warranty does not cover damage due to external causes, including accident, abuse, misuse, problems with electrical power, improper application or installation by parties other than Evans or parties under the control or direction of Evans, alteration, storage, servicing not authorized by Evans, usage not in accordance with product instructions, negligent use, failure to properly upkeep or problems abused by the use of parts and components not supplied by Evans. In addition, this warranty does not cover any damage due to shipping and handling (except that which was in the control of Evans) or the effects of normal wear and tear.

The warranty term for any product or component that is replaced or repaired shall be the balance of the remaining warranty term applicable.

This warranty does not cover any items that are in one or more of the following categories: electrical systems, software and accessories, or any other parts not manufactured by Evans which are added to an Evans product whether or not by Evans. The warranty, if any, applicable to such goods is the warranty provided by the original manufacturer of such goods and, in the case of goods incorporated into any Evans product by Evans, such warranty is only available to the extent that the original manufacturer of such goods agrees to transfer any warranty rights to the end user of such goods. All charges, costs, or expenses related to the dismantling or shipping of any defective original manufacturer product of the installation of any repaired or replacement original manufacturer product is the direct responsibility of the Client.

This warranty and the rights and benefits hereunder are given by Evans to the original purchaser of products only and may not be transferred or assigned to any other person without the prior written consent of Evans.

In no event is Evans liable for special, incidental or consequential damages by reason of any breach of warranty or defect in material or workmanship. Evans shall not be responsible for repair or replacement of items that have been subjected to neglect, accident or improper use or which have been altered by other than authorized Evans personnel.

This limited warranty statement is the entire warranty provided by Evans. Evans makes no express warranties or conditions beyond those stated in this limited warranty statement and the terms of this limited warranty statement supercede any other covenants, agreements or understanding with respect to the subject matter referred to herein. Evans disclaims all other warranties and conditions arising by statute or otherwise, express or implied, including without limitation implied warranties of merchantability and fitness for a particular purpose. This limitation may not apply to you where prohibited by law.

Evans accepts no liability beyond the remedies set forth in this limited warranty statement. In particular, Evans shall not be liable for special, incidental, consequential or other damages (including, without limitation, damages for lost profits or revenues or costs incurred as a result of loss of time, data, use of the product or from any other cause howsoever occurring in contract or tort (including negligence). In no event shall Evans' liability exceed the purchase price of the product purchased.

This limited warranty shall be governed by and construed in accordance with the laws of the Province of Alberta, Canada and each party hereto hereby attorns to the jurisdiction of the courts of the Province of Alberta, Canada to the exclusion of the courts of any other jurisdiction.
